COURTS TO TEST RIGHT OF STATE TO BAR DARWINISM

Fight on Tennessee Law Will be
Taken to Highest Tribunal,
Chief Counsel Says

(EXCLUSIVE DISPATCH)
DAYTON (Tenn.) May 13.—The right of a State to prohibit the study and teaching of the theory of evolution will be fought to a final decision by the highest court of the land, it was announced tonight by Judge John Neal, chief counsel for J. T. Scopes, who has been arrested under the new Tennessee anti-Darwinism law in a test of its validity.

Scopes, who is a teacher of science in the Rhea County High School, has been bound over to the grand jury which meets in August. He is charged with violating the State law enacted in March by teaching the theory of evolution in his classroom.

The battle lines in the conflict, destined to absorb nationwide interest, are already being drawn. William Jennings Bryan, announced Tuesday night that he will assist in the prosecution of the case, acting in behalf of the Christian Fundamental Association. The defense hopes to enlist some of the best legal talent in the country in its support.

NOT TEST OF BIBLE
The question which will be fought out in the Tennessee court, Judge Neal said tonight, is not whether the Bible is right in its genesis of man, but whether the State has the right to abridge the mind's "inquiry into a theory."

"I am not concerned and do not intend to attempt to prove whether the human species originated from protoplasm or from a one-cell living organism, or from the Garden of Eden," he declared. "I am not interested in the opposing theories of whether man originated by special act of creation or by slow evolution and natural selection."

The only question at stake is whether the State has the right to prohibit the mind from inquiring into these theories and whether education along these lines shall be stopped.

Judge Neal says he is prepared to combat William Jennings Bryan in all his arguments, but that Mr. Bryan's holdings, because these are not the issue in the Scopes case.

FOR FREE THOUGHT
"Mr. Bryan will debate alone on the question of evolution," Judge Neal declared. "I am upholding the right of free speech, free thought and freedom of religion."

Judge Neal, formerly law professor at the University of Tennessee, is one of those who led the fight against President H. A. Morgan of the University of Tennessee, a fight which the faculty insurgents claimed was caused by the throttling of the freedom of thought of the university.

In the summer of 1923, Neal and the other insurgents were forced out of the American Association of College Professors investigated the case and condemned the university.

In the Scopes case the book which the State in effect is attempting to indict is a textbook which the State Textbook Commission some years ago picked out and placed upon the accredited list. It is entitled "A Civic Biology," and is written by George W. Hunter. Being a biology, it discusses evolution. Being a biology, it discusses evolution.

If the grand jury returns an indictment against the evolutionist teacher he will be tried before the Circuit Court of that judicial district; if he is convicted, he will be in full view. Some of the other men behind the Prince had been in that very camp, but there was no sign of any bitter recollection underlying the warm welcome to him.

When he returned to his office he found forty-two bills laid out on his desk by his secretary. Only one was given the executive's approval. This was Senate bill No. 431, increasing the salary of the probation officer of Sacramento county \$25 a month. The increase was recommended by the Board of Supervisors, the grand jury and the Superior Judges.

The Governor's hint was this: "The chances of any bill being signed are about one to three and it will probably be difficult, he said, to find that many good ones."

Thus far Gov. Richardson has signed 126 bills and he vetoed eighty-six before the adjournment of the Legislature. He still has 786 to consider by the 29th inst.

Prince Leads Detachment of Young Boers Over Spoil
of Bitter Battle During South African War

(BY CABLE—EXCLUSIVE DISPATCH)
COLEBERG JUNCTION (Cape Province) May 13.—Twenty-five years ago the British and the Boers were fighting fiercely over this great open plain of greenish-yellow grass studded with stony hillocks and rimmed about with high kopjes.

To those engaged on either side it would have appeared inconceivable that so short a time would pass before the heir to the British throne would drive across the battle ground at the head of a Dutch command in arms, assembled to do him honor. That has just happened and not only did young Dutchmen from all districts in the neighborhood to the number of 350 escort the Prince of Wales, but their sisters also took part, riding their shaggy ponies with equal grace, from the baby whose bare legs were hardly long enough to span the saddle to the tall, slim young woman fully aware of the opportunity which horseback riding affords to display a good figure.

On a fine country-bred horse the Prince led the long cavalcade, sometimes at a trot and sometimes at a smart gallop, over several miles of veld into the town of Coleberg.

Two attractive farmers' daughters rode on either side of him. Colapok, up whose steep sides one of the British batteries hauled two fifteen-pounders to shell the Boer camp, was in full view. Some of the other men behind the Prince had been in that very camp, but there was no sign of any bitter recollection underlying the warm welcome to him.

When he returned to his office he found forty-two bills laid out on his desk by his secretary. Only one was given the executive's approval. This was Senate bill No. 431, increasing the salary of the probation officer of Sacramento county \$25 a month. The increase was recommended by the Board of Supervisors, the grand jury and the Superior Judges.

The Governor's hint was this: "The chances of any bill being signed are about one to three and it will probably be difficult, he said, to find that many good ones."

Thus far Gov. Richardson has signed 126 bills and he vetoed eighty-six before the adjournment of the Legislature. He still has 786 to consider by the 29th inst.

RICHARDSON HINTS BILLS ARE DOOMED

Governor Indicates That
Many Measures Before
Him Will Not be Signed

(EXCLUSIVE DISPATCH)
SACRAMENTO, May 13.—A hint more vigorous than that of a large proportion of the several hundred legislative bills now before the Governor are doomed to die was dropped by Gov. Fred W. Richardson, when he returned to the Capitol today from Berkeley after attending commencement exercises at the University of California and handing diplomas to the graduates of the military department.

When he returned to his office he found forty-two bills laid out on his desk by his secretary. Only one was given the executive's approval. This was Senate bill No. 431, increasing the salary of the probation officer of Sacramento county \$25 a month. The increase was recommended by the Board of Supervisors, the grand jury and the Superior Judges.

FORTY MORE AGENTS SENT TO COAST FOR RUM WAR

Dry Fleet Here to be Increased
as New Wet Cargoes Arrive;
Blockade Now Impotent

(EXCLUSIVE DISPATCH)
SAN FRANCISCO, May 13.—Forty special agents were ordered to the Pacific Coast today by the prohibition authorities in Washington, to take part in the government's intensive campaign against liquor smugglers. Coincident with this news came the announcement by the Treasury Department that the government has seized three fast motor boats suspected of having brought liquor to San Francisco from rum runners.

Additional rum chasers will be sent from San Francisco to Los Angeles and San Diego to blockade the coast of Southern California against liquor smugglers.

Local prohibition officers said today that the rum fleet had landed 5000 cases of liquor within a week at Pigeon Point and Monterey.

The three speedboats which the government has seized are said to have been part of a rum-running organization which ships liquor from Canada ostensibly for Mexico and Central America, but which is smuggled into the United States. One of these vessels, the yacht Amalia, was confiscated in Portland, while the other two, the motorboat California and the speedboat Skedaddle were seized in New York.

UNDER FALSE NAMES
The three boats left San Francisco suddenly last year when government agents began to investigate their activities. Treasury officials said that all of them were registered under fictitious owners' names when licensed.

The Skedaddle was originally built for W. R. Hearst at a cost of \$25,000, it was said. She has a speed of forty knots an hour. This vessel was sold to Vincent Comagno and then came into the possession of Vincent Quarantaro, who was recently convicted in the Quadra case.

The California's owner of record is F. M. Cox, a grocery clerk. Cox told Special Agent John W. Smith that he had never heard of the boat. Smith said that both boats had been shipped to New York last December on a coastwise steamer. The freight bill was \$3000, the agent said.

George Welsh, 1116 Webster street, San Francisco, was credited with being the owner of the Amalia. No one of that name was ever known at the Webster-street address. Treasury Department officials said.

"In almost every case when we look up the documents of suspected boats we find that they have been registered by fictitious persons," said Smith.

BLOCKADE ON LOCAL
RUM ROW POWERLESS
Small difficulty is being experienced by liquor carriers plying between Los Angeles Harbor and Southern California's rum row. Police and Federal officers admitted last night to the Associated Press, and between \$10,000 and \$20,000 worth of whisky is being landed in or near the harbor every day. Tuesday night business was a little brisker and about \$100,000 worth came ashore.

To date there has been no necessity for "dark" landings at isolated coves far from the city; harbor operations are smoother and easier.

Whether or not rum-running had anything to do with it could not be determined with any certainty, but the fact that the twenty water taxis usually tied up at their moorings after dusk were unaccountably missing last night.

Police and prohibition enforcement (Continued on Page 2, Column 4)

GUARD BACKS DEFENSE DAY

Nation-Wide Move Started to Have Governors Indorse
Armistice Muster Celebration

(BY A. F. NIGHT WIRE)
WASHINGTON, May 13.—President Coolidge's desire for information as to the attitude of State governors before reaching a decision on Army proposals that a "defense muster" be held annually on Armistice Day, prompted National Guard, reserve and veteran organization heads today to start a nation-wide effort to get State executives to present their views on the subject to the White House. This development was coupled with considerable agitation in the War Department over "pre-mature" publication of the report of the reserve officer committee, which recommended Armistice Day for the defense test.

At the War Department, Acting-Secretary Davis let it be known that the "pre-mature publication" of the defense-plan recommendations had caused some anxiety. He did not know whether existing regulations prohibited reserve officers from making public on their return to inactive status matters they had taken up while on active duty in the department, but he said regulations would be drafted to prohibit such actions in the future.

S-Y-M-B-O-L-S

Who originated the skull and crossbones?

The skull and crossbones, now customarily printed on poison-labels, once was the insignia of pirates. When the "Jolly Roger" or pirate flag was hoisted to the masthead, it signified "no quarter" in the daring chase for treasure. Today treasure is sought in a far different way, not by a system of robbery but on a basis of fair exchange and mutual advantage, and not on the high seas but in the markets of the world through the columns of Times Want Ads.

The Tendency to Bring New Faces Upon the Screen Is

MORE MEN FOR RUM WAR HERE

Forty Special Agents Sent to Pacific Coast

Southland Dry Forces to Get Additional Boats

Three New Cargoes Arrive Off Los Angeles

(Continued from First Page)

ment agents made no apologies for the conditions they admitted. They pointed out that they are helpless to cope with the liquor runners except on land. One of the shore boat laden with liquor from one of the rum ships lying off the Coast between here and San Diego, was past the two Coast Guard cutters attempting a blockade. It was feared no further difficulty until the landing place was reached. There were no small, fast boats, and the efforts of the cutters.

GUARD LANDINGS

Given a pair of fast patrol boats, harbor police say they could drive the liquor runners outside the breakwater, at least, and compel them to confine their operations to isolated stretches of the coast line. Meanwhile they are co-operating with the Federal men in an attempt to guard all likely landing places within the harbor, and watch all highways leading from the port.

The cutters Valdez and Tanager last night were at sea in the general neighborhood of rum row. But fishermen who were watching the maneuvering of the opposing forces say the liquor ships are speedy, medium-sized carriers, easily capable of outdistancing the cutters for a time the vigilance of the Coast Guard vessels.

MORE RUM SHIPS

Information came to General Prohibition Agent Ray Adams yesterday that three new rum ships have anchored alongside the wharf feet. Rushed by the Tanager several days ago. One is a steamer of about 1,100 tons, supposed to be of British registry, run from Scotland with a vast cargo of highland delicacies. An agent from this ship was on shore yesterday drumming up business, according to Adams. The others were small tramp steamers from China, eager to vend their wares overseas to the thirty of Southern California. Due to the stringent regulations put in effect recently by Canadian ports, the European booze caterers are sending large consignments to the Orient, to be shipped to the Pacific Coast by smaller, faster tramps.

Coast Guard men and prohibition agents, acting on information were scattered along the coast north of Santa Monica Tuesday night, waiting for an attempted landing. The agents saw the bootleggers, but the bootleggers saw the agents, and therefore did not blink the signals to the shore boats that all was well. What went on farther south, where there were no agents, was unknown, but a rumor was afloat in the harbor district yesterday that the liquor plants are full to overflowing again.

FARMERS ADOPT FUTURE POLICY

Agriculture Revival Theme at Iowa Parley

Export Corporation is Only Measure Urged

Can Solve Own Problem if Given Fair Chance

(BY A. P. MONT WIRE)

DES MOINES (Iowa) May 13.—Agriculture will be able to solve its own problems if it is given proper tariff protection and equalization with other industries, representatives of twenty-four farmers' organizations declared here today in the closing session of a conference called for the purpose of reaching an agreement on measures that promise revival of the prosperity of the farmers.

The one specific legislative request for which the conference went on record was the creation of an export corporation. The farmers do not want a government subsidy, the council declared, but the opportunity of working out the problem of rejuvenation themselves aided by proper legislative remedial measures.

The council was authorized to bring about joint action of all farm organizations with respect to economic and legislative proposals, both State and national.

PRICE FIXING SHUNNED

No proposal for agricultural price fixing was brought out, the nearest approach to this subject being the request that Congress create an export corporation to be under the control of the farmers, and through which surplus production might be sold abroad to maintain domestic prices.

COMMISSION NAMED

The conference adjourned tonight after naming a commission of twenty-five farm organization leaders charged with the duty of making a study of the situation of the farmer, and to report on the basis of the study to the farmers' association.

THE COMMISSION

The commission, which will be organized tomorrow, will be headed by William Hirth of Columbia, Mo., is chairman, tonight issued a statement declaring the action of the conference, the most important move attempted by agriculturists since it became apparent united action was necessary.

Col. Dennistoun Resigns His Post in English Army

(BY CABLE AND ASSOCIATED PRESS)

LONDON, May 13.—Lieut. Col. Ian Oswald Dennistoun, whose former wife, Dorothy Muriel Dennistoun, lost a breach-of-contract suit against him recently in a trial marked by sensational testimony, has resigned his post in the British army. The reason is not given.

Col. Dennistoun, who is now the husband of the Dowager Countess Carnarvon, was charged by his former wife with countenancing her illicit relations with the late Sir John Carnarvon to further his own military ambitions.

Mrs. Taft Waits in Line to See Nation's Chief

(BY CABLE AND ASSOCIATED PRESS)

LONDON, May 13.—Mrs. William Howard Taft stood in line for more than half an hour today outside the executive offices at the White House, where the once mistress, awaiting her regular turn to be admitted to shake hands with President Coolidge.

Mrs. Taft, who was with a delegation of Colonial Dames of America, made no effort to gain special privileges and her identity was not disclosed until she was discovered by a photographer.

COUNCIL ASPIRANT ACCUSED

E. L. Kerns, a candidate for City Council at the primary election last week, was charged with using a check without sufficient funds in a complaint issued yesterday by Dep. Dist. Atty. Worle.

The check was for \$100, according to the complaint, and was given to W. Maxwell Burke, former Deputy District Attorney.

RAIDERS SEIZE FORTUNE IN RUM

(Continued from First Page)

ously, the officers soon had a half-dozen police trucks busy transporting seized liquor to the Lincoln Heights Jail for safe keeping.

Among the first raids made were those on the rooms at 1515 and 1115 Produce street, where Assistant Chief Prohibition Agent Adams also made a raid on the street, his men seized a huge distilling plant, consisting of three stills of 150 gallons capacity each; 15,000 gallons of mash and 1100 gallons of whiskey, gin and wine.

Following up yesterday at 1515 Produce, they got four stills, each of fifty gallons capacity, a half-ton of spurious labels and reverse stamps, and several hundred gallons of moonshine whiskey, according to their report.

Two addresses were said by officers to be the source of practical all of the liquor used by East Side bootleggers in the retail liquor traffic.

FURTHER RAIDS

In the round-up yesterday, the raiding forces captured themselves almost exclusively to East Sixth street, between Central and Santa Fe avenues. They raided thirteen establishments and in each, they seized stocks of purported bonded liquor.

The police set aside an entire room at the Lincoln Heights Jail to hold more than a score of seized liquor.

Truck after truck unloaded its cargo of stills, kegs, cases and lower bottles, and the effort to keep a check of the seized wet goods was abandoned.

More than 1500 gallons of liquor and 200 cases of liquor of various kinds were in the seizure in addition to a score of sacks of bottled goods.

Further raids are in prospect for today and more than a score of men are to be arrested on the information obtained in the first raids, according to Sgt. Phillips.

He said, he said, but will embrace the entire city.

FORD MAY BUY NATION'S SHIPS

(Continued from First Page)

of constructing apparatus to dismantle the ship would amount to about \$400,000.

MEMBERS OF BOARD

IGNORANT OF FORD DEAL

(BY A. P. MONT WIRE)

WASHINGTON, May 13.—Members of the Shipping Board in Washington said tonight they had no knowledge of any proposal for the purchase of the Ford ship.

The board members here said the news of Mr. O'Connor's conference with Mr. Ford and the latter's attitude in the matter came as a complete surprise to them.

When Mr. O'Connor left Washington last week it was understood that he was on his way to Mr. Ford's home in Detroit.

Mr. Ford had indicated they had no intention of going to Detroit for a conference with Mr. Ford.

DEATH RATE FIGURES FOR STATE GIVEN

Heart Disease Accounts for More Than Any Other Ailment

(BY A. P. MONT WIRE)

SACRAMENTO, May 13.—Out of a total of 56,551 deaths in California during the past year, more than one-third were accounted for by heart disease than any other ailment, figures compiled by the State Bureau of Vital Statistics, revealed.

Heart disease claimed 19,572 persons in California during that period.

Nervous diseases accounted for 4,821 deaths, tuberculosis for 4,000, and cancer for 3,000.

Time claimed 6,114 from cancer; 14,000 from accidental deaths, such as automobile and violent deaths, and 3,897 from pneumonia.

Other fatalities: Syphilis, 1,049; diphtheria, 693; measles, 313; whooping cough, 144, and smallpox, ninety-six.

The death rate in California during the past year was 14.5 persons, based on each population group of 100,000 persons. This was a slight increase over the year, when the same respective percentage rate was 14.3 persons.

MAIL PLANE WRECKED

(BY A. P. MONT WIRE)

GRAND ISLAND (Neb.) May 12.—A mail plane, piloted by Clarence Lange, was wrecked near Shelton, Neb., at 3 a. m. today. Lange escaped with slight injuries.

CLEAN-UP MADE ON PERIODICALS

Washington Drive Result of Many Complaints

Publications Bordered on Indecent Banned

Line of Demarcation Proves Difficult to Draw

(EXCLUSIVE DISPATCH)

WASHINGTON, May 13.—Complaints by several writers and authors of national reputation and of certain periodical publishers that the country is being deluged by low and sensational publications have resulted in a vigorous campaign this week, in the nation's capital to prevent the sale here of literature of that class.

Recalling how bitterly the grain exchanges fought the passage of the Capper-Tinch Act, and how greatly opposed they are to the further curbing of grain trading by Federal statute, Mr. Jardine told them bluntly he would surely suggest more legislation unless they took matters immediately into their own hands and cleaned house.

He served notice that the investigation, in which the Department of Agriculture has been aided by the Department of Justice, will go on, and if evidence is found upon which a conviction may be hoped for, the department will prosecute to the limit of the law.

PENALTIES PROVIDED

The Grain Futures Act provides penalties of fines not to exceed \$10,000 and terms of imprisonment not to exceed one year. The Secretary said, however, that although he is determined to use the results of the inquiry for the purpose of instituting prosecutions, he was more concerned with the larger phase of the question, namely, the development of some method by which a repetition of the kind of practice and price changes may be obviated. One suggestion he advanced along this line was that a rule might be made limiting the spread in daily quotations.

Mr. Jardine admitted that insufficient proof of guilt is at hand to sue.

"However," he said, "the results clearly show that the heavy trading of professional speculators and that their operations were facilitated to a considerable degree by the large participation on the part of the public after material advances in prices had occurred the last half of January."

RECORDS EXAMINED

The Secretary pointed out that the inquiry thus far has consisted of a thorough examination of the records, which members of the Chicago Board of Trade and of other exchanges are required to keep under the law and the regulations of the Department of Agriculture.

In addition to the statistics and documentary evidence obtained in this manner," he said, "officials of the Department of Agriculture, in co-operation with specially designated representatives of the Department of Justice, have made a search through the files of telegraph and telephone companies for documentary evidence showing or tending to show concerted action or understanding on the part of principal operators or speculators to bring about a manipulation in the market. This investigation cannot be concluded within the immediate future."

It was decided to make public preliminary report on the findings and a statement of the warning privately given the Chicago board at a conference of Mr. Jardine with Dr. J. W. T. Duvel, in charge of the Grain Futures Administration, and other officials of the Department of Agriculture.

WIDE FLUCTUATIONS

The period under scrutiny began with January 2, when May deliveries in wheat closed at \$1.75 1-4 and lasted until April 3, when May deliveries closed at \$1.36 1-2. The high quotations occurred on January 28, when the market went up to \$2.05 7-8, and closed at \$2.05. The daily fluctuations were wide, several days showing 10 cents or more, the greatest ranges being noted on March 13 and 30, when they were 13 1-4 and 12 1-2 cents, respectively.

Mr. Jardine was confident the quotations did not accurately reflect the prices incident to supply and demand. There were rumors of "corners" and charges of manipulation pouring into Washington from many sources.

It was only last week that Emanuel F. Rosenbaum of the Grain Marketing Company was credited with a statement charging there were evidences of congestion and collusion in the Chicago market.

Arthur W. Cutten, one of the largest traders in Chicago who, a year ago, was credited with a cleanup of \$1,500,000 in corn, took occasion to deny there was a corner in either corn or rye.

BOARD OF TRADE HEADS KEEP SILENCE

(EXCLUSIVE DISPATCH)

CHICAGO, May 13.—President Frank L. Carey of the Chicago Board of Trade, who returned from Washington today after a conference with Secretary of Agriculture Jardine on Tuesday, said:

"I do not care to make a statement regarding the report on the wheat price investigation until I have had time to consider the full report and consult with officials of the Board of Trade. I will give out a report on Thursday."

A great many men in the grain trade have expected a finding as indicated by the investigators of the Department of Agriculture. Recommendations are for a limited price fluctuation study. This is in line with a forecast suggested by the Board of Trade in an interview given out in Chicago last week.

VOTE TO SELL PLANT

(EXCLUSIVE DISPATCH)

BALLINGER (Tex.) May 13.—The proposal to sell the municipal electric light and power plant here to the Texas Utilities Company for \$55,000 was carried at an election just held. The plant will be connected up with the power transmission system of the purchasing company, it is stated.

LAZINESS MICROBE ISOLATED
"Proteinogenous Antibody" is Held Responsible for That "Tired Feeling"
CHICAGO, May 13.—(AP)—A microbe, called laziness, and lacking "pop," may be isolated in learning they are not victims of spring fever, but are victims of "proteinogenous antibody" or ammonia compounds which are found in the human intestine under normal conditions have been isolated and identified by Dr. E. E. Rupp and M. T. Hanks of the Sprague Memorial Institute, associated with the University of Chicago. These poisons cause depression and slight cold. A small amount of these poisons injected into a guinea pig causes depression and general prostration, along with a marked rise in blood pressure.
Under normal conditions the human being these poisons are absorbed. But if the intestine is injured or inflamed the poisons enter the blood. Headaches and lack of endurance are the immediate symptoms, and unless the poisons are speedily eliminated they reduce the victim to a point of low resistance where any disease may be contracted.

GENEROSITY OF BALDWIN TOLD
Prime Minister Gave Fifth of Fortune to Nation
Aimed to Save Taxpayers Many Millions
Example Not Followed by Many Rich Folk

(BY CABLE-REUTERS DISPATCH)
LONDON, May 13.—That Prime Minister Baldwin gave a fifth of his fortune to the nation at the time when its financial needs were urgent, was revealed by Wickham Steed in an article in the Review of Reviews. On June 24, 1919, there appeared in the London Times a letter signed F.B.T., wherein the writer dealt upon the country's situation following the sacrifices of the war, and the dangers by the natural reaction, all classes might be submerged by a world of extravagance and materialism. The nation must be made to understand the gravity of the financial situation, he said, and that love of country was better than love of money.

The example should be set by the wealthy classes, and F.B.T. suggested that they should impose upon themselves a voluntary levy. By this means, he thought, it would be possible to pay to the exchequer a sum as would save the taxpayer \$9,000,000 yearly.

He continued:
"I have been considering this matter nearly two years, but my mind moves slowly. I dislike publicity, and I hoped someone else might lead the way. I have made as accurate estimate as I am able, of the value of my own estate, and have a total of about \$40,000 sterling. I have decided to realize 20 per cent of that amount, or say, \$120,000 sterling, which will purchase \$120,000 pounds sterling of the new war loan, and present it to the government for cancellation. I give this portion of my estate as a thank offering in the firm conviction that never again shall we have such a chance of giving our country that form of help which is so vital at the present time."

Baldwin was financial secretary of the treasury at the time and the initials F.B.T. which constituted the signature to this letter led a few keen-eyed individuals to detect the identity of the writer.

On November 13, 1919, the Chancellor announced a receipt of \$120,000 sterling of war loan from F.B.T. for cancellation. Baldwin's belief that his example would be followed generally by other wealthy people, was not, however, vindicated, since the treasury received only \$120,000 sterling war loan in all for cancellation.

SIX PERSONS INJURED AS CARS CRASH
Two of Party Returning from Covina Funeral Are Hurt Seriously

(REUTERS DISPATCH)
COVINA, May 13.—On their way home from a funeral, six persons were hurt, two seriously, near Puente today. Mrs. Lucy Herring, wife of B. L. Herring, of this city, suffered internal injuries and a broken arm, and Claid Botsford of Glendale a fractured hip. Both are in the Covina Hospital.

They were in an automobile driven by Botsford, together with Mrs. Botsford, Stella Botsford, their daughter, Mr. and Mrs. E. L. Herring and Mrs. George Herring and her baby. In making a turn on the Mill Road, their car got into collision with one driven by W. R. Lockwood of Puente and was wrecked. Lockwood was uninjured, but the four others in the Botsford car were cut and bruised.

The funeral was that of Wayne Herring, son of W. B. Herring, of Covina. The party left the Puente Cemetery about fifteen minutes before the wreck.

Corner on Texas Onions Results in Soaring Price

(REUTERS DISPATCH)
CHICAGO, May 13.—According to a report today by the United States Bureau of Agriculture, a few shippers apparently have gotten hold of the remainder of the crop of Texas onions and have boosted the prices sky high. Sensational advances also have been made in the price of cabbage and new potatoes. Latest Texas quotations show yellow Bermuda onions approaching \$2.75 a crate, or \$1 higher than a week ago. In Chicago wholesale prices have advanced 50 cents a crate within 3 days. Dealers expect only light supplies of onions the next two months, although shipping has become more active from Louisiana and California. The sudden advance in the price of potatoes and cabbage is attributed to light shipments. Potato prices have advanced almost 100 per cent within a week.

St. Louis Boy Is Suspect

(REUTERS DISPATCH)
T. LOUIS, May 13.—Edward G. Dillon, St. Louis youth, is being held in jail here in connection with the mysterious death of his father, Dr. William A. Dillon, prominent physician and surgeon, who was found shot May 1 on the field of the Washington University, St. Louis.

Young Edward only came under suspicion recently, when it was noted he had been named as beneficiary in three insurance policies totaling \$15,000, one of which had only been taken out eight days before the murder.

The youth steadfastly maintains his composure and refuses to answer all questions.

Baseball From Plane Injures Bleacher Girl

(REUTERS DISPATCH)
MOLINE (Ill.) May 13.—Alice De Baker, 13 years of age, was seriously injured when a baseball dropped from an airplane 1000 feet above the ball park struck her on the head as she was sitting in the bleachers. Dr. C. C. Sloan was flying the plane and Sgt. Jack Cope of Chicago dropped the ball. Players were to try to catch it, but the wind carried it to the bleachers.

Monster Used Furniture AUCTION
9:30 a.m. Today, May 14th, 9:30 a.m.
5517 FERNWOOD AVE.
(2 Blocks South of Sunset Blvd.; 1/2 Block West of Western Ave.)
The Entire Used Furniture Stock of the MAJESTIC FURNITURE CO.
TAKEN IN EXCHANGE FOR NEW GOODS
The Opportunity Supreme for those Seeking Furniture for the Home, Apartment or Court
The Majestic Furniture Co. finds its stock of USED FURNITURE AND HOUSEFURNISHINGS too voluminous and unwieldy for its available floor space and have commissioned us to immediately convert its surplus into cash. No better opportunity has been offered the public to procure at PUBLIC AUCTION, practically every requirement in the way of furnishings for the home, apartment or court, than this monster event affords.

These goods were taken in exchange by the Majestic Furniture Company on purchases of new furniture—they have not adequate room to display them for private sale and the benefit of this disposal goes to the public. LET NOTHING PREVENT YOUR PARTICIPATION IN THIS MONSTER EVENT BEGINNING AT 9:30 A.M. AND LASTING THROUGHOUT THE ENTIRE DAY.

The offerings include OVERSTUFFED AND OTHER LIVING-ROOM FURNITURE IN SETS, ODD DAVENPORTS, ROCKERS AND CHAIRS; DAY BEDS, CHAIRS AND OTHER DAVENPORTS; FIRESIDE CHAIRS AND ROCKERS OF ALL KINDS; DINING SUITES IN MAHOGANY, AMERICAN WALNUT AND OAK; ODD DINING TABLES, SUFFETS, SERVING TABLES AND CHAIRS; BEDROOM FURNITURE IN SUITES OF MAHOGANY, AMERICAN WALNUT, OIL, IVORY AND FRENCH GRAY—ALSO ODD BEDS, DRESSERS, CHIFFONIERES, DRESSING TABLES, NIGHTSTANDS, ROCKERS AND CHAIRS; SANITARY COTS; BOY'S COIL AND METAL SPRINGS; WHITE CURLED HAIR AND FELT MATTRESSES; PADS; REFRIGERATORS; GAS RANGES, ETC.

Defying the BLIGHT of Corrosion

Any metal lighting fixture is attractive when you buy it. But most metals, even though plated, cannot escape corrosion. Result: blotches and streaks as permanent eyesores wherever plated metal fixtures are used. But solid BRASS or BRONZE fixtures keep their good looks. They are immune from the blight of corrosion.

WOMEN IN GOLF PLAY AT BEVERLY

Record Field Scheduled to Play First Round in Annual Long Tourney Today

More than three-score women golfers, members of the Los Angeles Country Club, will tee off this morning in the first 18-hole round of the annual two-day medal play, tournament for the Jim Long trophy.

BY LES GOATES
(EXCLUSIVE DISPATCH)
SALT LAKE, May 13.—Raymond Ignatius Jacobs, a native of this tempestuous hamlet, dealt his home town a most unkind jolt at Bonneville Bowl today. With one runner on base ahead and the score deadlocked at one apiece in the fifth inning, Ray catapulted the ball over and beyond the left field wall which put the Angels out in front far enough so that they were never headed. The ultimate result was a 5-to-2 victory for Los Angeles, over Salt Lake. The series is all even.

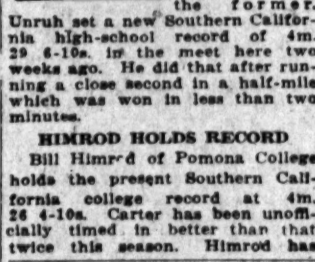

A.A.U. PROGRAM VARIED

Twenty-nine Events Carded for Annual Track Meet at Coliseum Oval Saturday Afternoon

BY BRAVEN DYER
The feature of Saturday's A. A. U. track meet at the Coliseum will be the wide variety of events. There are something like twenty-nine separate and distinct events carded and practically everything but the ancient and honorable potato race is included on the program. The meet starts promptly at 1 o'clock, according to General Manager Arnold Eddy and the first race of the day—the mile—is set for 1:15.

One of the most brilliant battles of the afternoon should result in this event, as all of the best men in Southern California are entered. Nick Carter of Occidental, Lee Heilman of U.S.C., Chesley Unruh of El Monte and Frank Krentler of Pomona are slated to battle for the first honor.

Unruh set a new Southern California high school record of 4m. 29 s. 1/2 in the mile here two weeks ago. He did that after running a close second in a half-mile which was won in less than two minutes.

APPROVE DE PAOLO TIMES

FRANKLIN (Pa.) May 13.—Peter De Paolo, nephew of Ralph De Palma, was today officially given credit for four new world's automobile records all of the marks having been established at Culver City, Cal., on April 9, 1925.

"RED" GRANGE IS OFFERED \$300,000 TO ENTER MOVIES

MILWAUKEE (Wis.) May 13.—Harold "Red" Grange, Illinois University football star, was the idol of Milwaukee today. Red is meeting motion-picture producers who want to make a movie of him here. He has three enticing offers involving \$300,000 for the making of four pictures, presented to him. Red, however, maintains he cannot quit school for another year and speaks highly of his job as ice man which he hopes to fill again this summer at Wheaton, Ill.

BY HARRY SMITH
(EXCLUSIVE DISPATCH)
SAN FRANCISCO, May 13. Referee pickers in the persons of Jack Kearns and Charles Weiner, managers, respectively, of Mickey Walker and Lefty Cooper, got no further today than to make some suggestions.

Rain Prevents Indian-Bengal Series Opener

Rain prevented the opening game of the Seattle Indian-Vernon Tiger series yesterday, but the two squads will get their six-game engagement under way today, a double-header having been carded for tomorrow to make up for yesterday's loss of play.

OBSERVATIONS

By THE INNOCENT BYSTANDER
BILL HENRY

IN ELECTIONS Kenny Montgomery to the captaincy of the Occidental track team, the Tigers rewarded honest effort and hard work. Monty is one of the most frail and insufficient appearing young men who ever wore spikes, his blond hair and pale complexion making his fragile body and limbs in giving him the appearance of a young man who is running largely because the doctor told him to. Montgomery never ran a step in his life until three years ago when he entered Occidental as a freshman but he has won the conference half-mile two successive years, getting under two minutes this season and scrambling the quarter in about 50.4 seconds. He is a battler from the start to the finish and is the kind of a leader who inspires his teammates.

Hayden Phipps, ex-Trojan football star, acted as though he felt greatly disappointed when he dropped a decision to Henry McKee out at Doyle's Tuesday night but he had no reason to feel that way for he battled nobly and was beaten by an opponent who would have done a lot better in the main event against Bert Collins than did McKee did. McKee is a former coast champion and best Phipps because he knew too much for the collegian.

Phipps' best weapon, strange to say, was a left hook which came in very handy when McKee was hiding his chin behind his left shoulder to avoid the Trojan's right. Phipps made a strong effort in the third and fourth rounds and had a chance to even matters or win the fight until he ran into a sickening smash to the stomach in the fifth which effectively removed the sting from his punches.

Things are certainly beginning to move in the question ends of sports. As Tenneyson so aptly put it "Verily, the old order changeth," who would have said a few months ago that it

has a man left on base. The score:

Hereafter a Regular
Daily Service
of the Los Angeles Times

The marvelous instrument by means
of which pictures are telegraphed is the
Telepix.

The Telepix is the team-mate of radio.

The Telepix deals with sight; the radio
with sound. One stretches the voice
across a continent; the other lets the eye
see who spoke.

An astonishing fact is the rapidity with
which the Telepix works. A great fire
breaks out in Wall Street. The picture is
in the Los Angeles Times office a few
minutes after it has reached the New
York newspapers!

The Telepix will be used by the Los
Angeles Times to send as well as to re-
ceive pictures. Important Southern Cali-
fornia events will be picture-telegraphed
by The Times to a nation-wide chain of
big newspapers.

The Times, in its efforts to serve its
readers, will therefore make use of
electric transmission in five different
ways: by radio, cable, telephone, word-
telegraphy—and now by picture-tele-
graphy with the Telepix.

And...

Picture-telegraphy with the Telepix
will be another feature that only Times
readers in Southern California will have
the opportunity to enjoy, for...

Bangtails Tune Up for Derby COLTS STAGE FINAL TRIALS

Steeds Practice for Classic of
Turf Saturday

Entries Breeze Around Track
at Churchill Downs

Single Foot Shows Up Strong
in Working Distance

(BY A. P. MORT WIRE)
LOUISVILLE (Ky.) May 13.—
The fittest of the survivors of the
spring conditioning period neared
the end of their trial today and
will match speed and endurance
for the \$50,000 Kentucky Derby
purses at Churchill Downs Satur-
day.

Of the 135 original nominees,
few more than a score still were
post starters, and when the time
comes for their careers to post
the \$500 starting fee, the 3-year-
olds will be considered fit for the
hard mile and a quarter journey,
or they will not be entered.

Several of the colts were given
their final Derby trials today. Sin-
gle Foot, owned by J. E. Griffith,
worked the Derby distance in the
fast time of 2:04 3-5, driving
Much comment favorable to the
Maryland colt was heard after the
clockers caught him in the first
quarter in :23, half in :48 2-5,
three-quarters in 1:14, mile in
1:39 4-5, and a mile and a quarter
in 2:04 3-5.

Quadrain was given his final pre-
paratory run this afternoon. He
worked a mile and an eighth un-
der a steady pull, the fractional
time being :24 3-5, :49, 1:41 3-5,
1:53 3-5.

H. C. (Bud) Fisher's Swope also
went the Derby route. Wearing
blinkers, he stepped the quarter in
:24, half in :51 2-5, three-quarters
in 1:18 1-5, mile in 1:46 3-5 and
galloped out the additional quarter
in 2:11 3-5.

Son of John was breezed five-
eighths in 1:03 1-5; Mission Peak,
the Kelley Derby eligible, traveled
three-quarters readily in :34 2-5,
:45 1-5 and 1:16 1-5.

Bridesmaid and Revenge went
together seven-eighths in 1:13:1.
Russell Cave showed a fast half in
:48 3-5; Tikka, only Derby eligible
from the stable of Johnson N.
Camden, president of the Ken-
tucky Jockey Club, was breezed
three-eighths in :39.

WESTWARD HO ENTERTAINS
Plans have been completed for a
stag party at the new Westward
Ho Country Club at Palms this
evening for all the sport writers
and editors in the city.

RABBIT PUNCHES

PAUL LOWRY

CHARLEY O'Connor chased
Jack Doyle and "Wad"
Wadhams for a year in
an effort to land a match for
Kid Mexico against Bert Col-
lins. He got it and a quick
exit for Mexico.

However, the result was as
unexpected as it was startling.
On paper the match looked
like one that would go the
unround limit with the ver-
dict to Collins because of his
superior boxing skill.

The idea was not re-
ceived with the same, re-
lentless Collins that dashed from
his corner with the opening
bell. They expected Mexico,
who had held his own with
Ernie Owens, to keep Collins
at a distance, make him wary
after his downfall at the
hands of Mickey Walker.

But Collins fooled 'em, and
regained his seat in the front
rank of our best local attrac-
tions. But he didn't come off
altogether unscathed, a head
butt opening a cut under his
right eye—a twin for the one
he received when sparring
with Vic Alexander before the
Walker imbroglio.

As a result of this embar-
rassing injury Collins probably
will not fight for a month at
least, possibly longer. They
are talking up a match for
him at Hollywood with Hen-
ry McCar, who easily defeated
green Hayden Phythian in the
semi-wind-up at Vernon Tues-
day night.

McCar was once the Coast
titleholder in the middle-
weight division, and he may
give the Whittier prize quite
a run for his money.

Harry Kahn of Milwaukee,
who battles Johnny Adams in
the main event at Vernon next
Tuesday night, is a southpaw
who has been battling some
of the tough ones in the city.

MIDWICK DATE POSTPONED

Hope to Secure Helen Jacobs for North-South Matches
by Holding Over a Week

The Midwick Country Club announces that in order not to col-
lict with the program arranged by the Pasadena Tennis Club they
will hold the North-South matches on the 23rd and 24th inst., instead of
this week-end as formerly announced. These dates fall one week
from this Saturday and Sunday.

The hopes of the Midwick tennis
committee are that this delay
will enable them to secure the
presence of Miss Helen Jacobs, na-
tional junior champion, to fill out
the list of stars headed by Helen
Wills, national and Olympic cham-
pion.

The Pasadena tournament opens
tomorrow on the new cement
courts of the Pasadena Tennis
Club located at Altadena and will
continue through the next three
days, ending Sunday with the fi-
nals. There are to be only men's
events in this tourney due to the
lack of facilities for ladies'
matches. The matches will be di-
vided into junior and senior events

LEGION WINNER GETS KID

Louis Kaplan, Featherweight Champion, Coming
West Again for Hollywood Appearance

Scotty Monteith, manager of Kid Kaplan has informed officials of
the Hollywood American Legion stadium that he will let Kid Kaplan,
recognized in the Eastern States as the featherweight champion, meet
the winner of a featherweight tournament being started by Hollywood
Post No. 43 of the American Legion.

Ray Miller came all the way
from Chicago to get his start. He
waited a long time, but Friday
night he starts in his second main
event at the Hollywood Legion
stadium. His first showing was so
good that he got a contract for an-
other bout.

Miller, who meets Johnny Farr,
is mighty happy over the fact that
Kid Kaplan looks with favor on a
bout with the Hollywood winner.
Kaplan can't see any real money
in the East, so he is casting long
eyes westward once again.

Johnny Farr has already had one
shot at Kaplan, but the New York
champion made Farr come in as a
junior lightweight. This time
Farr to carry weight that he should
have shed to be in the best of
shape.

"Give me a bout and let Kaplan
make the 126 pounds as he should
in the featherweight class, and I
will beat him," stated Farr today
to Tom Gallery, Hollywood match-
maker.

WOMEN PLAY AT BEVERLY

(Continued from First Page)
prominent in Southern Cali-
fornia golfing circles.
Mrs. Arthur Roberts, win-
ner of the play last year, will
again attempt to shoot through
the starting field to win promi-
nent honors but from the ad-
vanced entry list, last year's
winner will have difficulty in
repeating her win.

The trophy was donated by
Mr. Long, then a director of
the Los Angeles club, a num-
ber of years ago and the an-
nual event calls forth spirited
competition every year. The
past year has done consider-
able for Los Angeles women
golfers and the play starting
today should be the finest in
the history of the event.

NURMI IS NOT HURRYING BACK

(Continued from First Page)
Fitchburg, Mass., only to add
in investigations then going
on.

Nurmi's dates have not been
cancelled, Mr. Wilson was as-
sured, and his sailing for his
home in May is in line
with the intention expressed
on his arrival in this country.

JOE SALAS IS BACK AT PALM

Joe Salas is back at Palm
Springs getting the desert air
and sunshine in his system,
which George Blake believes
is the best way of getting the
flu germs out of his protégé's
system.

George believes that Salas
is not entirely recovered from
the attack he had last March,
and while he is not offering
that as an alibi for Joe's de-
feat by Fleida, he feels that
his speed after the fifth round
was impaired. "If Joe could
have maintained the gait he
set for the first five rounds
there might have been a dif-
ferent story to tell at the end,"
said Blake.

Mike Grealis of the News-
boys' Club says Jack Renault
may not be George Godfrey's
opponent at San Francisco
June 6, after all. He is in re-
ceipt of a letter from his
friend, Danny Drans, in Cleve-
land, who says he is sending
Johnny Risko against Renault
in Boston, May 22, and that
Brother Dunn expects Risko
to knock Renault's block off,
which might cause the San
Francisco promoters to start
rustling for new timber to send
against Godfrey.

Risko is said to have had
thirty-nine knockouts in fifty-
nine contests, while he was
an amateur, and eight kayoes
in sixteen contests since he
turned pro. He has met Rome-
ro Rojas, Billy Montgomery,
Harry Krohn, Mike Wallace,
Homer Smith and Joe Loh-
man.

Ride on GENUINE LOW AIR PRESSURE

If you can cut down
the air pressure in your
balloon tires it will add
just that much more to
their cushioning effect.

Maybe you can't do this
safely with your present
make of balloon tires.

But you can with the new
U. S. Royal low-pressure Bal-
loons—

Because—
These tires have the new
U. S. "Low-Pressure Tread".

This tread gives a much
greater area of road contact
than a round tread.

It distributes the load evenly
over the tread surface and re-
duces the weight on the indi-

vidual tread blocks. This does
away with early, uneven and
disfiguring tread wear.

U. S. Royal Balloon gives
long service even at lower air
pressures than have been rec-
ommended in the past.

For in addition to this new
Low-Pressure tread they are
built of Latex-Treated Web
Cord. The only cord construc-
tion in which the cords are
webbed together with pure
rubber latex. This gives maxi-
mum strength and maximum
flexibility.

Don't compromise on bal-
loon tire pressures any longer.

Ride on genuine low pres-
sure.

It will surprise you to know
what a difference it makes.

CONGRESSMAN URGES TAX CUT

House Committee Con-
fers With President
Repeal of War-time Excise
Measures Urged

WASHINGTON, May 13.—Reduction in surtaxes, estate and gift taxes, and repeal of most of the remaining war-time excise taxes was advocated by Representative Bacharach, Republican, New Jersey, today, in a conference with President Coolidge. Mr. Bacharach, who is a Republican member of the House Ways and Means Committee, which will be in charge of the revenue-law revision next fall, favored an aggregate cut in taxes of about \$400,000,000.

Mr. Bacharach also said that he would provide some reductions for small taxpayers by either cutting normal tax rates or increasing allowances for dependents.

Mr. Bacharach is the first member of the Ways and Means Committee to come forward with a specific program for tax reduction. In doing so, he indicated that while he favored the complete elimination of the estate and gift tax as proposed by Secretary of the Treasury Mellon, he believed it would be impossible to do more than cut the rates. He said that he favored approaching the subject from a practical standpoint, taking into consideration the complexity of the estate tax and the fact that it is a program, rather than a fast program, which would have no chance of approval.

AUTOMOBILE TAX

"I would favor the elimination of the tax on automobiles and accessories, the tax on motor boats, jewelry and club dues," said Mr. Bacharach. "This would mean a reduction of approximately \$100,000,000. If we should modify the amusement tax so as to apply only on admissions above \$1.00, it would take care of an additional \$100,000,000. Reducing the inheritance tax to a minimum of 10 per cent, the minimum rate to be in at \$100,000, would mean a reduction of \$100,000,000, while to cut the gift tax on the same basis as the estate tax would mean a further reduction of \$100,000,000. I favor a reduction in the surtax schedule so that the tax would be 30 per cent, and the tax on the tax apply only to incomes of \$10,000, and upwards, eliminating the \$10,000 and \$15,000 brackets in the present law. The remainder of the amount by which we could reduce our taxes I would apply on those incomes between \$100 and \$100,000 by a reduction on the rates or by granting increased allowances for dependents."

TAX-FREE SECURITIES

In suggesting that the administration approach the subject in a practical manner, Mr. Bacharach had in mind the fact of the Mellon plan in Congress last year.

"We have tried several times to put through a scientific revenue bill, but we have been licked by the committee and on the floor of the House, but I don't believe that even with the increased Republican majority in the next Congress we could do any better," said Mr. Bacharach.

"I can see no real benefit to be gained by the adoption of a constitutional amendment for the elimination of tax-free securities, for even if the amendment were adopted it would be stubbornly fought by the several State Legislatures, and there is a very real possibility that it will never be ratified by the required three-fourths of the States, so why bother with it? We can accomplish the same result, in my opinion, by making the rates in our tax law low enough to attract capital back to investments in productive industries."

CHICAGO POLK TO DANCE

Approximately 400 persons will be in attendance at the Chicago Polk and Mears dance at the Chicago Athletic Association, 1500 South Figueroa street, this evening. Former residents of Chicago are invited to attend. Handling the arrangements for the affair is a committee of "The Chicagoans," a recently organized club of former residents of the Windy City, under the direction of Louis Alsace.

AUTOMOBILE REGISTRY IS ANNOUNCED

**Total to Date 1,250,119;
Falling Off Explained by
Motor Vehicle Chief**

SACRAMENTO, May 13.—Total registrations for 1925 to date amounting to 1,250,119 were announced today by Will H. Marsh, chief of the State Division of Motor Vehicles.

This figure is inclusive of automobiles, trucks, trailers and motorcycles. Registration by classification was given as follows:

Automobiles, 1,040,611; pneumatic trucks, 145,528; solid trucks, 37,321; motorcycles, 23,451; trailers, 13,206.

Last year's total registration was 1,350,753. The difference between the two totals is represented by cars that have been scrapped or by cars not driven since January 1 last. Many such machines are still up in the mountains because the heavy snows have prevented their use.

Net receipts to date amount to \$2,414,481, as compared with \$7,011,124 for last year. This money is used for highway purposes by the State and counties.

**POLICE TO DISCARD
HORSES FOR MOTORS**

ST. LOUIS, May 13.—Mounted policemen are to vanish from the streets and outlying sections of St. Louis, and in their place will be police doing patrol duty in automobiles.

Explaining the situation, Chief of Police Gerk said: "We appreciate the sentimental value of the horse, and will keep twenty-five of them, but a policeman on horseback cannot cope with the modern criminal." Two men will be assigned to each machine, replacing four horses and four men under the old system.

**YOUNG METHODISTS
MEET IN MEMPHIS**

MEMPHIS (Tenn.), May 13.—Memphis has been selected as the convention city for the Methodist Young People's convention, now being fostered by leaders in the Methodist Episcopal Church, South.

It is expected that 5000 or more delegates will attend. The major percentage of the delegates will be composed of young people between the ages of 17 and 30. It is said, however, that 21 to 25 per cent has been set as the date for the gathering.

**NAVY MAN CLEARED
ON ALIMONY ISSUE**

**COURT ACTION TOWARD CUT
IN PAYMENTS FIGURES
IN HUFF CASE**

NEW YORK, May 13.—Lieutenant-Commander Earl P. Huff, Medical Corps, U.S.N., attached to the submarine base at New London, Ct., was acquitted by a general court-martial, sitting at the Brooklyn navy yard yesterday, of charges of "conduct unbecoming an officer and a gentleman" in connection with his asserted failure to pay alimony to his divorced wife since April, 1924.

While no official statement was available pending review of the case by higher naval authority, it is understood that the court's finding was influenced by the fact that Commander Huff has brought action in Massachusetts courts for reduction of his alimony, fixed by a decree in a California court of December 26, 1922, at \$146 a month, in accordance with a written agreement made out of court settling property rights between Commander Huff and Mrs. Huff.

Recent information from the Navy Department indicated that considerable correspondence had passed between Commander Huff and the department relative to his asserted failure to meet his alimony payments, and that Secretary Wilbur had admonished him that continued failure will result in disciplinary measures.

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudian la lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Buena parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más cercana se halla a territorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nosotros nos familiaricemos con la lengua castellana. Por lo tanto, en esta columna de este hecho nuestros habitantes que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que encontrarán español correcto y entera mente moderno.

NOTAS TELEGRAFICAS

Noticias de Washington

WASHINGTON, Mayo 13.—Han sido citados como testigos significativos hanqueros para la sesión de mañana del gran jurado, que conoce de los escándalos petroleros.

El congreso intermedio de mujeres votó contra la afiliación de una sociedad con otras organizaciones internacionales y la examinó atentamente y examinó her closely.

Después de unos minutos, se volvió a las personas que esperaban con ansia sus palabras (after a few minutes he turned toward the persons who were anxiously waiting for his words), y nos dijo (and he told us):

La niña no tiene nada grave, gracias a Dios (the girl has nothing serious, thank God). Recibió una fuerte sacudida (she had a hard jolt) y dos o tres contusiones ligeras (and two or three light bruises), que le dejarán moretones por unos días (which will show black and blue for a few days). Respira al oír esto (I breathed freely on hearing this); me acordé a la niña, que ya sonreía tranquilamente (I went up to the child, who was already quietly smiling), y le di un beso de despedida (and kissed her good-bye).

MASONS TO ENTERTAIN

The Masonic Club of Los Angeles will be entertained Friday noon by Highland Park Lodge. There will be a musical program and a speaker. Members of the club and friends are cordially invited to attend. Club private dining-room on the third floor of the Alexandria Hotel.

COLESBURG JUNCTION (Provincia del Cabo) Mayo 13.—Justa- mente hacen veintidós años que los ingleses y los heros peleaban con bravura en esta extensa llanura cubierta de pasto amarillo verdoso, sembrada de rocas, piedras, y cerrada por altas "kopjes".

Inconcebible los habría parecido entonces a los de ambos bandos contentadistas que tan corto espacio de tiempo se necesitaría para que el heredero del trono británico raras en el campo de batalla, a la cabeza de tropas holandesas armadas y congregateadas allí para hacerse los honores. Esto es precisamente lo que acaba de ocurrir, y no sólo se congregaron hasta 250 jóvenes holandeses de todos los estratos de las castas para escoltar al Príncipe de Gales, sino que también sus hermanas toman parte en la manifestación. Las jóvenes montaban todas con gracia igual sus peludas jaquitas, de las chiquillas, cuyas piernas desnudas apenas abaraban la cadera, hasta las jóvenes altas y esbeltas, que saben aprovecharse de la oportunidad de las hermanas al caballo para hacer lucir un cuerpo bien formado.

En hermoso caballo del país se puso el Príncipe al frente de la cabalgata, yendo un rato al trote y otro a galope rápido. Así recorrieron varias millas de terreno y entraron por fin en la población de Coleburg.

Des simpáticos hijos de agricultores cabalgaban a cada lado del príncipe. Del campo podía verse perfectamente Coleburg por cuyas plazas salían una de las de las terlas británicas dos cañones de granadas de quince libras para bombardear el campo de batalla. Algunos de los hombres de más edad que cabalgaban detrás del Príncipe habían estado en ese campo, pero no se notó en ellos ni una mínima huella de amargos recuerdos que entubieran la entusiástica bienvenida que brindaron al heredero del trono británico.

NOTAS LOCALES

Siguen en esta Ciudad los Raids contra "Bootleggers"

El señor Adams, director en jefe de la prohibición en San Francisco, ha dividido personalmente una serie de raids reservados, que ayer tarde a última hora dieron por fruto la confiscación de más de \$100,000 de licor y vinos en la zona, y la detención de cuatro individuos, sobre quienes pesa el cargo de haber violado la ley Volstead.

Tal vez hayan sido estos raids los de más importancia que se han efectuado en esta. Tuvieron por centro la calle Sexta Este, donde entraron los agentes por la fuerza en más de veinte expendidurias de licor, cuyas existencias todas fueron incautadas y acarreadas en camiones.

Aunque no se han revelado los nombres de los cuatro aprehendidos, y también se guarda reserva acerca de los lugares invadidos por la policía. Con todo, el señor Adams ha dividido la información al cuartel general federal de los "secos" en el citado puerto, de que un ejército de "bootleggers" estaba concentrando aquí sus productos, y el señor Adams recibió orden de venir a ésta con el fin de tomar el mando personal de las operaciones contra ellos.

No se han divulgado los nombres de los cuatro aprehendidos, y también se guarda reserva acerca de los lugares invadidos por la policía. Con todo, el señor Adams ha dividido la información al cuartel general federal de los "secos" en el citado puerto, de que un ejército de "bootleggers" estaba concentrando aquí sus productos, y el señor Adams recibió orden de venir a ésta con el fin de tomar el mando personal de las operaciones contra ellos.

Dice que se va a proceder a la destrucción de los edificios de los "secos" en esta ciudad.

**NEGRO'S SKULL
FALL-PROOF**

Workman Drops Fire Floor, Lights on Head; Will Recover

RICHMOND (Va.) May 13.—Dave Jones, a young negro, fell from the fifth floor of a hotel under construction here and landed on his head on the concrete sidewalk. Though he suffered a fractured skull Jones did not lose consciousness. Physicians say he will recover.

Workman Drops Fire Floor, Lights on Head; Will Recover

RICHMOND (Va.) May 13.—Dave Jones, a young negro, fell from the fifth floor of a hotel under construction here and landed on his head on the concrete sidewalk. Though he suffered a fractured skull Jones did not lose consciousness. Physicians say he will recover.

CORNER FIRST AND BROADWAY

FREE OF CHARGE AT THE
Times Information and Resort Bureau, Times Bldg., Bkwy. at First St.,
or at the Times Branch Office, Information and Resort Bureau,
621 South Spring St. Telephone METropolitan 6700.

Have you had difficulty in finding some particular advertised product? Have you had to hunt from store to store to find something you had seen advertised? The Times has established a new department, called "Direct-You," which has collected the addresses of all the stores in the Los Angeles area that carry the products and stands ready to tell you just where you can find the thing you want.

The Times is glad to help its readers and advertisers through this new service — and you need not be a subscriber to the Times to use it.

All you need do is phone the Los Angeles Times—MRopolitan 9700 — and ask for "Direct-You" Department.

The verdict had been expected since State's Attorney Crowe bluntly criticized the Coroner's jury that conducted an inquest into the death of young McMillan last week.

BUNKO STORIES TO BE RELATED

Thirty-five Witnesses Will Testify Today

Names of Those Who Are to Talk Withheld

Road Merger Pure Myth, Says District Attorney

Thirty-five witnesses headed by County Supervisor F. E. Woodley, chairman of the County Finance Committee, will begin filing today the county grand jury room with the names of those who are to testify in the case of the alleged merger of the Southern California Edison Co. and the Los Angeles Edison Co. The witnesses are to be sworn in by the grand jury.

Though Dist. Atty. Keyes declined to reveal the names of the witnesses, he has summoned to appear against Hibbs and Hennessey, it is understood that all those who lost sums varying between \$500 and \$10,000 in the "ten-for-one" gamble with the bogus brokerage concerns of the two defendants. Those on this list are:

Ray L. Chesbro, former police judge, who lost \$15,000; J. A. Farns, \$5,000; J. E. Grady, \$5,000; James McLachlan, \$5,000; Congressman, \$10,000; R. R. Pollock, \$5,000; J. E. Ransford, \$10,000; Dr. Leonard C. Schmitt, \$10,000; F. C. Bohri, \$5,000; G. E. Vlassen, \$5,000; W. J. Hubbard, \$5,000; J. A. Agon, \$5,000; Wilbur Collins, \$5,000; R. Durfee, \$10,000; Evan Evans, \$5,000; H. G. Hawley, \$15,000; T. J. Henderson, \$5,000; C. B. LeMay, \$5,000; A. J. R. \$10,000; K. A. Schock, \$7,000; John Brown, \$10,000 (later recovered); and numerous others.

NAMES ARE WITHHELD
Dist. Atty. Keyes stated that he was declining to reveal the names of the witnesses because so many of them are reluctant to assist in the prosecution of Hibbs and Hennessey. He added that many of the persons who lost large sums of money in the fake railroad merger already have gone into hiding and that progress in the investigation has been greatly retarded through the unwillingness of reputed wealthy victims to assist the officials.

Falling to any co-operation from any of the victims, Dist. Atty. Keyes sent Dep. Dist. Atty. Hammer to San Diego yesterday morning to search for the mysterious "Mr. Grant," who recently entered into the case. "Mr. Grant," according to Hibbs and Hennessey, is their lawyer who possesses the so-called contract authorizing them to launch their gigantic railroad merger. The officials are beginning to believe that "Mr. Grant" is as mythical as the "merger."

Dist. Atty. Keyes returned from San Francisco yesterday morning to assume personal charge of the investigation of the Hibbs and Hennessey case. He reported upon his return that he verified his belief that such a merger had been planned by Hibbs and Hennessey described to their victims never did exist.

PAIR NEVER HEARD OF
"I consulted with the chief counsel of the Western Pacific Railroad," the District Attorney stated, "and learned that the railroad officials had never heard of Hibbs and Hennessey, nor had they heard anything of such a merger as Hibbs and Hennessey described to their victims. They were authorized to put through for the Western Pacific Railroad."

"I have obtained the co-operation of Dist. Atty. Brady of San Francisco, who has promised me to keep a watch on the plan which may crop up in that city. Dist. Atty. Brady believes in the case of Hibbs and Hennessey may yet be located in San Francisco and he is making a thorough search of the city for them."

While everything was placed in readiness last night for the grand jury investigation of Hibbs and Hennessey, the plan was not collected by Hibbs and Hennessey. In the event that any of the funds collected by the two promoters is located it will be immediately attached.

Attorney Paul Schenck, counsel for Hibbs and Hennessey, denied last night that his two clients had suffered collapses as reported earlier in the day.

Motorman is Exonerated in Death of Two

"Accident unavoidable and motorman exonerated," Coroner Nance said last night was the verdict after the inquest yesterday in the fatal grade crossing accident near Bellflower Monday evening. "We went into the case very thoroughly," the coroner said, "and examined seven or eight witnesses for several hours. The accident was just unavoidable."

Mrs. Helen Wilking and her 9-year-old son, Billy, lost their lives and another son, Bobby, only a few months old, may die as a result of the accident. Edward Wilking, husband and father, also was injured but not seriously. The father and surviving child are still in Artesia Hospital, the child suffering from fractured skull and the father suffering from a broken arm and bruises.

The automobile in which the family was riding was struck by a Pacific Electric train from Santa Ana at the crossing at Bellflower. The highway crosses the railway at the crossing after going up a grade.

DEATH CALLS WOMAN WHO TOOK BICHLORIDE

Celina Spachler, 40 years of age, who swallowed a quantity of bichloride of mercury at her home at 321 Baucht street in a suicide attempt on the 2nd inst., died yesterday at the General Hospital, according to a report from the coroner's office. The woman left no note and the motive for her taking the poison is not known. The body was taken to the undertaking establishment of J. H. Redman.

CANNERIES CONCERN TO REORGANIZE

Van Camp Company Files Papers; Capitalization at \$2,000,000

Preliminary steps for the reorganization of the Van Camp Sea Food Corporation, maintaining plants in San Pedro, Long Beach and San Diego, were initiated yesterday in Sacramento with the filing of articles of incorporation with Secretary of State Jordan for an authorized capitalization of \$2,000,000. Under plans being developed by officials of the new company, which, it is said, will take over the assets of the old organization, the capitalization will eventually be reduced to \$1,000,000.

According to Hismark House, Long Beach Vice-President of the company, the new corporation will specialize in fish canning. Hereafter, it was said, extensive operations also had been conducted in the fish canning business. The Van Camp organization operates its own fleet of fishing vessels and tentative plans ultimately call for extension in this line as well as in the operation and maintenance of new plants and packing-houses.

Officials of the company include R. W. Burford, president; H. E. Nicholas, vice-president, and J. C. Sloan, secretary-treasurer. Directors of the corporation as named in the articles of incorporation include Kenneth A. Carney, Edward W. Brower, Jr., W. John Schumacher, Lester O. Luca, Lou Fritsch, Harold C. Carney, A. E. Barnes, James M. Campbell, and Charles H. Hall, all of Los Angeles.

MARY HAY TO LEAVE BABY FOR EUROPE

Screen Couple Agrees to Civil Separation; Divorce Not Contemplated

Mary Hay Barthelmess, baby daughter of Richard Barthelmess, screen actor, and Mary Hay, stage dancer, will remain in New York with father while Miss Hay goes to Europe to fulfill a professional engagement, according to a telegram received by The Times yesterday from attorneys of the film couple.

In a statement issued simultaneously by Arthur Garfield Hays, attorney for Mrs. Barthelmess, and Dennis F. O'Brien, counsel for her husband, it was declared that the couple had agreed to a civil separation, each to live as if no divorce action either here or abroad is contemplated, according to the statement.

Miss Hay sails for Europe within the next two weeks to fulfill a contract with the National Bank of New York \$5,000,000 municipal bonds sold in February to a syndicate headed by this bank. The bonds consist of \$4,000,000 of 4 1/2 percent bonds and \$1,000,000 of 5 percent bonds. The small premium was due to the low interest rate of 4 percent to 4 1/4 percent.

The block of \$11,000,000 Los Angeles municipal bonds brought a premium of \$113. The small premium was due to the low interest rate of 4 percent to 4 1/4 percent.

Vacant School Lands Will be Sold at Auction

Vacant school lands in Los Angeles county totaling 1920 acres will be offered at public auction by the Surveyor-General June 11, next, at 10 a. m. at the west entrance of the Courthouse. Terms of sale are 10 per cent cash, the balance bearing 6 per cent interest, except that timber land on land in a national forest shall be sold for cash.

The lands are subject to rights of way for irrigation and reclamation, fishing rights of the people and to a reservation to the State of one-sixteenth of all minerals. A list of the lands may be obtained from the Surveyor-General, Sacramento.

Six Bids Opened on Studio Club in Hollywood

Six contractors bid yesterday for the contract to build the new \$165,000 home for the Hollywood Studio Club. Names of bidders and amounts of their bids together with building plans discussed at the meeting will be withheld from public announcement until after the situation is submitted to the national board of the Young Women's Christian Association, Miss Marie Williams, director of the club, said.

The Y donated the \$35,000 site for the home, which is at Lexington avenue and Lodi Place.

FILM STAR AND MOTHER GET RICHES

Mrs. Rubens and Daughter Alma Rubens Heirs to Huge Australian Fortune

Like a cartoonist's dream, Mrs. Theresa Hayes Rubens and her daughter, Alma Rubens, motion picture star, yesterday found themselves dowered with a \$1,000,000 fortune from an unknown and long-dead "Uncle Elmo" of Australia.

The fortune was accumulated during his lifetime by Michael Hayes, an Irish pioneer to Australia. Hayes died in 1909, according to the legal notices now given the Rubens, who have since then the money has been hunting for legal possessors. The fortune at present amounts to between \$1,200,000 and \$4,000,000.

Settlement of the estate is in the hands of Joseph Hayes, also an heir, said to be in the Recorder's office in San Francisco. There are three other heirs to the estate, according to Mrs. Rubens. These are Mrs. J. J. O'Brien, Mrs. M. J. O'Brien, and Mrs. Josephine Kennedy of San Francisco, Hayes' nieces.

"My uncle was remembered of four brothers who left Unionshall, County Cork many years ago," Mrs. Rubens said. "My father, Michael Hayes, came to Australia, but his kin lost all track of him. 'Mrs. O'Brien tried to reach my father, but she never found him. Her letters were returned. Finally she got the address of Alma's lawyer from a newspaper, regarding a suit in court."

FORMER CAR SALESMAN IS FOUND DEAD

Ex-Angeleno May Have Been Hi-Jacker's Victim, Bay City Police Think

Riddled by three bullet holes, the body of Daniel M. Danielson, former automobile salesman of Los Angeles, was found by the police of San Francisco yesterday.

The police of San Francisco, where Danielson lived in a modest hotel, were unable to find a motive for the murder. Owing to the fact that the body was found in a rooming house, the possibility that Danielson may have been the victim of a rum-running operation was considered. However, they were unable to connect Danielson with any rum-running operation.

Daughter of the slain man was located in Los Angeles. She is Mrs. Basil Shifflett, of 1419 Belmont street. Mrs. Shifflett could give no theory as to the motive for the murder of her father. She said she had been in her home about a year ago with her stepmother and that shortly after arriving there he was seriously injured in an accident with his automobile which collided with a street car. He was in the hospital for months and finally died.

He was in the hospital for months and finally died. He was in the hospital for months and finally died.

CAPT. SMITH FINE PAID BY ADMIRAL

World Flight Leader is Not Required to Appear in Visalia Court

(VISALIA, May 13.)—Visalians who hoped for a show-up of Capt. Lowell H. Smith, globe-circling flight commander, cited to appear in the local Justice Court on a charge of speeding in Northern Tulare county, will be disappointed.

Word that Capt. Smith was cited to appear by Traffic Officer Van Gordon and was expected here this week brought forth a rush of admirers who were eager to pay him a visit, but could not until Smith pleaded guilty.

Yesterday a friend, on authority from Smith, slipped in quietly to plead before Justice of the Peace S. Clark, who then waived the \$10 fine away, as Capt. Smith was driving only ten miles over the speed limit. He summoned the first fine applicant and invited him to come into court and settle up.

He did with alacrity, but insisted that his name not be mentioned lest the renowned aviator try to send him \$10, which he did not want.

Capt. Smith will receive the distinguished service medal awarded by Congress next week at North Field, San Diego.

Have you an Eastern Shrine friend who can't come to the Los Angeles convention? Send him the Los Angeles Times during the convention period. Full account of the doings, places visited, official program, news of delegates and beautiful rotogravure Shrine souvenir supplement. Special Shrine subscription offer, the seven issues of The Times, May 31 to June 6, mailed anywhere in United States, 50c post-paid.

HIKES FROM NEW YORK TO LOS ANGELES

Writer is Robbed Twice on the Way; Studying Child Labor Conditions

Last February Carl H. Samuels, writer of children's stories for northern papers and church magazines, started to walk from New York to Los Angeles. Yesterday he completed "The last long mile," arriving here foot-sore, burned by wind and sun and financially clean as a whistle. He had covered 5700 miles and was minus \$1400.

"Was held up twice," he explained briefly. "Once in North Carolina, once in Texas. The first time I lost only \$17. The second time two men gave me a lift in a car, stuck a gun in my back and cleaned me completely—all my money, my watch and my equipment—and left me stranded in the middle of the road fifty miles from nowhere."

But the wanderer smiled and appeared undisturbed. He is planning to walk north to Seattle, then return on foot to New York via the Dakotas and other northern states.

Samuels started the long transcontinental hike to make a study of first-hand of child-labor conditions and other phases of child welfare problems. He has contracted with several magazines for articles dealing with his studies and experiences on the trip.

The comparatively short journey consumed on his journey to Seattle is explained by the fact that he rode through all sections of the country that bore no relationship to his work or possessed no particular appeal.

"I've been in Los Angeles less than two hours, and can't say much about the city yet," he said, "except that I've never seen heavier traffic even in the biggest cities of the East. You've certainly got more people here than I ever dreamed."

Rail Party Off for Zion Park Opening Fete

A party of local railroad officials left here last night for Cedar City, Utah, to attend the opening of the 1925 season of Zion National Park. The party was headed by T. C. Peck, general passenger agent for the Union Pacific Railroad, and included W. F. Lincoln, general freight agent; E. F. Delbert, assistant general passenger agent; Charles E. Miller, publicity manager; Gilbert Underwood, architect for the Union Pacific; and several others.

The party will meet Gov. Dern of Utah at Cedar City, where the Governor is to take part in the elaborate ceremonies which will open the park's season.

Indiana, cowboys and half a dozen bands will be on hand to help the celebration along. A large part of the population is expected to turn out and help make the affair a success.

GOVERNOR MAY MAKE ADDRESS

Richardson Hopes to Attend Bank Convention

Elaborate Entertainment for Delegates Planned

Discuss Agricultural Topics on Last Day

Gov. Friend W. Richardson has accepted an invitation to attend the California Bankers' Association convention in Santa Barbara on the 20th, 21st, 22nd and 23rd inst., if the pressure of official business will permit, and will address delegates extemporaneously.

Other distinguished guests on the regular program include J. M. Elliott, chairman of the board of directors of the First National Bank of Los Angeles; J. Franklin Johnson, Superintendent of Banks, and an official representative of the Agricultural Association.

The Associated Banks of Santa Barbara are preparing an elaborate program for the visitors. In addition to the regular business sessions, various kinds of entertainment have been provided, including golf at Montecito and La Cumbre Country clubs, smoker for the delegates at El Paseo de la Guerra, dancing at various hotels, tea for the ladies at the Bismarck, theater party for everyone at the Granada Theater, garden party at Miramar, convention ball at Montecito Country Club and all-day yacht trip to Santa Cruz Island.

TRUST MEN MEET
A meeting of the trust company section of the California Bankers' Association will occupy the greater portion of the first day of the convention. The program of this section includes the annual reports of the officers and committees and discussion of interest to trust company men.

Following the address of welcome Thursday morning by Mayor C. M. Anderson, the address of the president, Leo S. Chandler, vice-president of the California Bankers' Association, will be given by Norman L. McLaren of McLaren, Goode & Co. of Los Angeles, will address the convention the same morning on "The Banker and the Certified Public Accountant," and the balance of the forenoon session will be taken for reports and appointments of the various committees. In the afternoon the group reports will be heard and the following addresses will be given by prominent agriculturists and educators of California:

SPEAKERS LISTED
"Co-operative Marketing of Beef Cattle and Its Relation to Banking," by Roy M. Hagen, secretary of the California Cattlemen's Association, San Francisco; "Farm Accounting," by F. W. Fluharty, farm management demonstrator of the college of agriculture, University of California, Berkeley; "Co-operative Marketing," by C. C. Teague, president of the California Fruit Growers' Exchange, Santa Paul; "California's Position in the Fruit Market of the Nation—Past and Present Developments," with Glance into the Future," by Moore R. Achenbach, director of food products division, H. K. McCann Company, San Francisco; and "From Republic to Democracy," by Dr. Tully C. Knoles, president of the College of the Pacific, Stockton.

The election and installation of officers will take place Friday afternoon and the evening will be given over to the convention ball at the Montecito Country Club, and Saturday to the yacht trip and final of the golf tournament.

WALL STREET GOSSIP
(BY A. P. NIGHT WIRE)
NEW YORK, May 13.—Favorable dividend action, taken today by the directors of several industrial companies will bring unexpected remuneration to thousands of stockholders scattered throughout the country.

The Marland Oil Company resumed payments after a lapse of nearly two years by declaring a dividend of 75 cents in the common stock payable June 30 to stock of record June 30. The last previous payment was a quarterly dividend of \$1 in September, 1923.

The United States Realty and Improvement Company, which owns several large hotels and office buildings in this city, declared a stock dividend of 10 per cent on the common stock in addition to the regular quarterly cash dividends of 2 per cent on the common and 1 3/4 per cent on the preferred.

The American Sugar Refining Company took no action on the common stock, but declared the regular quarterly dividend of 1 3/4 per cent on the preferred. The common stock advanced a point to 82 1/2 today on buying influenced by a stiffening in refined sugar prices.

An extra dividend of \$1 a share on the common stock of the United States Gypsum Company was declared today in addition to the regular quarterly payment of 40 cents a share. The Eastman Kodak Company also announced that the extra dividend of 75 cents a share which had been declared quarterly for the last year had again been authorized in addition to the regular payment of \$1.25.

The North Utility Security Corporation, a subsidiary of the North American Company, has declared a dividend of \$1.50 quarterly for each \$100 hereof paid in on account of the first preferred stock allotment certificate.

GARY EXPLAINS POLICIES

Steel Executive Treats Stockholders as Partners; "Inside" Tips Not Available for Market

BY EARLE E. CROWE

In too many cases there is justice in the complaint that the affairs of large corporations are shrouded in mystery. The stockholders are regarded as outsiders rather than partners, and their privileges end with the contribution of savings in the purchase of stock, and the receipt of dividends, if any are paid. Sometimes these partners are in actual ignorance of the company's condition if monthly or quarterly reports are omitted. But more than this, in very few instances are the stockholders familiar with the policies of the management and the business ideals of the executives.

Where these complaints are absent, it is natural to find a body of satisfied and loyal stockholders. The United States Steel Corporation, the peer of American business, is an example of the frank and honest attitude, from the stenographic report of the annual meeting last month, these affairs are more like family gatherings than out-and-dried business meetings.

OPERATIONS EXPLAINED
At this meeting Judge Gary devoted considerable time in telling the stockholders some of the things that increase their confidence in the officers, who are directing the company. In his phraseology, he told them some of the intimate details relating to the actual management of United States Steel.

"In the first place we have a board of directors, fifteen when the number is filled. These directors are selected with reference to their qualifications, their experience, their learning, their natural intelligence and their reputation for the strictest honesty. These directors meet once a month. They, of course, have the control of the affairs of this great corporation. They are over all."

Then we have the finance committee, selected from the board of directors, numbering seven. On the finance committee are George F. Baker, J. Pierpont Morgan, Richard Lindabury of New Jersey, Percival Roberts of Philadelphia, Mr. Farrell, our president, Mr. Ellbert, our controller, and myself. Omitting my own name just for the moment, I think, all in all, the members of this finance committee are as able as any committee or any board that ever managed the affairs of a great business concern.

"These men are not only able, they are working men. By that I mean that the committee meets every week; sometimes on special occasions, when necessary, there are two or three meetings in one week. The committee keeps in touch with the business affairs of the corporation. They know what is going on; they are not like committees and boards used to be, I will say, in some corporations, taking for granted anything that might be said or recommended by an officer, but they know for themselves what the condition of the company is, what its necessities are, what must be done to protect the corporation in every respect, whatever may happen, and they attempt to be fully prepared for all the emergencies that may arise from the conduct of a great business."

INTERESTS EQUAL
Judge Gary explained that these facts were mentioned to show that competent men are managing the corporation and are fully acquainted with the desires of stockholders for higher dividends, equitable distributions, and so forth, because they are large stockholders themselves. They decide these questions in accordance with their best business judgment.

Incidentally, the United States Steel Corporation frequently has been criticized for its conservative dividend policy. This is a question that bobs up in many annual meetings, and on this occasion Judge Gary went into the subject fully.

"I am going to say something on this question of distribution of assets," he said, "I am interested in that myself. A large part of my income and the income of my two daughters and two grandchildren is derived from declarations of dividends on the stocks of the United States Steel Corporation. But, gentlemen, the best interests of the stockholder are always served, always protected, by first, a conservative management which is best calculated to save the corporation from financial harm, disaster or distress, whatever the business conditions may be or whatever emergency may arise."

Judge Gary's figures showed that the corporation has undivided surplus of \$17,061,308. From this surplus there has been invested in capital, or in new properties, the sum of \$24,070,646, leaving a balance of net working assets of \$12,580,662. Of this amount inventories, receivables, securities and cash account for \$23,255,266, less \$105,247,704 for current and contingent liabilities. The corporation has more than \$38,000,000 of securities and \$100,000,000 of government bonds, which are held as capital to protect and care for depreciation of assets.

INSIDERS TABOOED
Generally, it is understood that the mysterious forces in "Wall Street," known as "insiders," are the directors of corporations who have access to earnings records in advance of publication. The insiders are credited with using their knowledge to make huge profits, either on the short or long side of the market. But Judge Gary states flatly that there are no insiders in United States Steel. "I think I am justified in saying," he asserted, "that there have been times and occasions in places when those on the inside of corporations, having the advance information, have made fortunes by dealing in the securities of those corporations before the general run of stockholders knew what was going on. And that I have always deprecated and disapproved. Our statements of earnings come out every quarter. I do not know what the earnings are for this quarter, and I will only throw out the assertion, without being able to prove it on this occasion, that I believe during this quarter we will make a living, but I will not know the figures until about the time the finance committee meets next week."

Gypsy Hits Big Gasser in Deep Sand Test Well

(EXCLUSIVE DISPATCH)

FARMINGTON (N.M.), May 13.—The Gypsy Oil Company, drilling on their 5000-acre lease near this city, struck the first productive oil sand at a depth of 3470 feet last night and a heavy flow of gas followed. This is estimated at 8,000,000 cubic feet a day.

The drill was driven eleven feet into this sand and the well was then closed down, awaiting further orders.

One of the wells is similar to that of the wells of the Midwest Refining Company and the Producers and Refiners Corporation which are located about two miles away. They found gas in this sand and about 100 feet further on struck gassy sand.

The New Mexico Gas Oil Company loaded a heavy Star traction outfit today at New Mexico, Kan., for shipment to Farmington for use in drilling on their acreage south of the San Juan River, which is almost directly south of the Bloomfield wells and, according to geologists, is in equally promising territory.

These leases were secured in 1913 and were taken up under the old placer laws, but have since been changed to oil and gas permits. Frank P. Strickland, president of the San Juan River, which is almost directly south of the Bloomfield wells and, according to geologists, is in equally promising territory.

Foreign Trade Shows Marked Gain in April

(BY A. P. NIGHT WIRE)

WASHINGTON, May 13.—Foreign trade of the United States during April showed marked increase, exports being \$400,000,000 and greater than in any April during the last five years.

Imports were \$349,000,000, against \$324,290,000 during April last year, and \$364,252,000 during April, 1923.

The balance of trade on the basis of Commerce Department figures was favorable to the United States by \$51,000,000 for the month, while for the ten months ending with April the favorable balance reached \$987,321,780.

A continuing outflow of gold also marked the month's record in international trade with imports of \$110,301,087. During the same ten months ended with April last year, the United States had imported \$241,425,235 more in gold than it exported.

Offer Issue of Tweedy School District Bonds

An issue of \$69,000 Tweedy school district 5 per cent bonds, dated the 1st inst., and due serially 1926-1960, inclusive, is being offered by Banks, Huntley & Co., to yield from 4.25 per cent to 4.50 per cent according to maturities.

CRUDE OIL PRODUCTION SHOWS GAIN

Daily Average Last Week Increased 55,500 Barrels Over Previous Period

(BY A. P. NIGHT WIRE)

NEW YORK, May 13.—The daily average gross crude oil production in the United States increased 55,500 barrels for the week ending the 9th inst., totaling 2,338,350, the weekly summary of the American Petroleum Institute says today. The daily average production of the week ending the 9th inst., totaling 2,338,350, the weekly summary of the American Petroleum Institute says today. The daily average production of the week ending the 9th inst., totaling 2,338,350, the weekly summary of the American Petroleum Institute says today.

Oil production in the United States increased 55,500 barrels for the week ending the 9th inst., totaling 2,338,350, the weekly summary of the American Petroleum Institute says today. The daily average production of the week ending the 9th inst., totaling 2,338,350, the weekly summary of the American Petroleum Institute says today.

Oklahoma shows a daily average production of 445,000 barrels, an increase of 2200; Kansas, 35,650, an increase of 2200; North Texas, 33,850, a decrease of 900; East Central Texas, 130,250, a decrease of 2350; West Central Texas, 33,350, an increase of 10,800; Gulf Coast, 99,000, a decrease of 4000; Southwest Texas, 48,850, an increase of 200; Eastern, 103,500, an increase of 500; Wyoming, Montana and Colorado, 90,700, a decrease of 1150.

Daily average imports of petroleum at principal ports for week were 22,714 barrels, compared with 18,715 for the previous week. Daily average receipts of California oil at Atlantic and Gulf coast ports were 100,145 barrels, compared with 54,871 the previous week. No changes were reported in crude oil prices for the major districts: Pennsylvania, crude, Bradford district, is quoted at \$3.40 a barrel, all the grades from \$2.50 to \$3.30. Midcontinent oils are quoted at \$1.35 to \$2.35, according to the gravity of the oil.

Gulf Coast grades "B" at \$1.50; California prices range from \$1.25 to \$2.40, according to the gravity of the oil.

EARNINGS OF SHELL UNION ARE SHOWN

Reports 42 Cents Earned First Quarter Statement on Common Stock

Net earnings of the Shell Union Oil Corporation for the three months ended March 31, last, totaled \$45,265,74 before Federal taxes, or the equivalent after the preferred dividends to 42 cents a share on the 10,000,000 shares of common stock outstanding. Gross income, according to the statement released yesterday, amounted to \$10,146,649.62.

Net earnings on the common are at rate of \$1.68 for the year, or nearly equal to the 1924 income of \$1.74 a share.

After paying dividends on the preferred and common stocks, the corporation shows a surplus as of March 31 of \$20,182,080.21. The profit and loss statement follows:

Gross income, including a half interest in the income of the Shell Union Oil Corporation, \$10,146,649.62
Less: Federal income taxes, \$1,081,443.88
Less: State and local taxes, \$1,081,443.88
Less: Interest on bonds, \$1,081,443.88
Less: Interest on preferred stock, \$1,081,443.88
Less: Dividends on preferred stock, \$1,081,443.88
Less: Dividends on common stock, \$1,081,443.88
Less: Other charges, \$1,081,443.88
Net earnings, \$20,182,080.21

Report Shows Gain in State Bank Deposits

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, May 13.—The State Banking Department issued a report today showing that the assets of State banks in California at the close of business on April 6, 1925, were \$3,415,153,145, an increase of \$30,075,769 since December 31, 1924.

Gross deposits were \$2,147,682,571.70 in April, an increase of \$14,453,084 from the December 31, last. Savings deposits were \$1,430,459,074.21 on the April date, while the commercial deposits were \$717,223,497.49 on the same date.

Loans of all types grossed \$1,476,654,950 on April 6, against \$1,434,796,474 on December 31.

The banks had a gross capital and surplus of \$146,800,345 on April 6, against \$146,833,125 on December 31.

Sound Public Utility Security

Yielding Over 7.00%

The Standard Gas & Electric Co. and its operated public utility properties comprise one of the largest organizations of its kind in the United States.

The operated companies furnish electric power, light, gas, etc., in important commercial centers in seventeen states—including Minneapolis, St. Paul, Louisville, Oklahoma City, Mobile, Tacoma, etc. Among the Companies controlled that are familiar to Californians, are the Western States Gas & Electric Co., Coast Valleys Gas & Electric Co., San Diego Consol. Gas & Elec. Co., Tacoma Gas & Fuel Company, Puget Sound Gas Company.

Net Earnings, before depreciation:

Year	Gross	Net
1918	\$26,141,099	\$10,110,177
1919	30,574,753	11,546,001
1920	36,451,327	12,692,096
1921	39,497,169	14,296,932
1922	42,164,970	16,073,548
1923	44,165,353	18,711,033
1924	48,749,503	20,006,067

A record of earnings such as this, assures, we believe, the continued safety of Standard Gas & Electric 7% Cumulative Prior Preference Stock, a substantial block of which we are now offering at \$100 per share to yield 7.00%. It will be a pleasure to explain further.

A 7% Utility Preferred Stock With Unusual Equity and Earnings

UTILITIES POWER & LIGHT CORPORATION 7% Cumulative Preferred Stock offers conservative investors an attractive 7% security backed by unusually ample equity and earnings.

The Company controls directly or through subsidiaries, public utility systems serving 650,000 people in 300 communities of Ohio, Minnesota, Wisconsin, Illinois, New Jersey and Rhode Island. Over 88% of the net income of these properties is derived from the sale of electric power and light.

Based on recent appraisals of operating properties, net assets of the Company applicable to this Preferred Stock are at the rate of \$260 per share. Net earnings for 1924 were more than 4.25 times the annual dividend requirements on the entire outstanding Preferred Stock, including this issue.

These shares are priced at 99 and accrued dividend to yield over 7%. In view of the general rise in utility securities, we believe this offering merits your careful consideration.

Your Favorite Investments

EVERY investor takes particular satisfaction in certain investments—the ones that are "worry proof"—that assure the safety of his principal and, at the same time, give him a good rate of interest.

For thousands of people these favorite investments are STRAUS BONDS. A STRAUS BOND embodies the merits of unquestioned security, prompt payment of principal and interest when due, the best interest consistent with safety, and a satisfactory and steadily broadening outside market.

These bonds are in \$1,000, \$500 and \$100 denominations and they mature serially. Complete information will be furnished to you without obligation. Write today, telephone or call for

43 Years Without Loss to Any Investor

INVESTMENT OPPORTUNITIES—PAST AND PRESENT

WHEN 12% WAS PAID ON U. S. TREASURY NOTES

IN November, 1860, the election of Lincoln shocked the nation. Sensing the gathering war clouds, investors lost confidence even in government bonds, creating a capital scarcity. Interest rates of 10% to 12% were necessary to sell U. S. Treasury notes at par—an extraordinary investment opportunity.

Investment opportunity lies where the demand for capital is greatest.

Today, Europe not only needs capital, but has the opportunity and experience to use it most productively. We believe that a few years hence present high yields on first grade European securities will be a cause for wonder.

We offer for consideration the 8% Mortgage Loan Gold Bonds of the City of Graz, second city of Austria—a municipal bond payable in U. S. gold coin and additionally secured by a first closed mortgage on public utility property worth twice the issue.

BOND QUOTATIONS

Prices Move Up Further

(BY A. P. MIGHT WIRE)

NEW YORK, May 13.—Bond prices today again worked into new high ground in active trading which was featured by vigorous rallies in the United States Treasury bonds. Mounting almost a full point each—an extremely wide gain—the 4 and 4 1/4 per cent bonds scaled new peaks for the year. Although these gains were considerably reduced before the close, both issues ended the day substantially above last night's final figures.

Indications of easier money, reflected in a drop in call funds to 3 1/4 per cent and the closing of loans in the "outside" market at 3 1/2 per cent, supplied the incentive for accumulation of the government's obligations as well as other investment securities.

At the same time the upward movement of foreign bonds, now selling around the year's best levels, proceeded under the leadership of the French obligations, which were buoyed up by the underlying action of Finance Minister Caillaux's new program. The republic's debt was advanced about a point each.

Stimulated by reports that the St. Paul Railway's outlook had improved since the receivership, holders of this road's bonds also were broadened to include Atchafalpa general 4s, Northern Pacific 4s, Northwestern refunding 5s and "Katy" 5s.

Sugar, rubber and oil company issues moved up in response to commodity price increases and market reports, but profit taking caused recedings of 1 to 3 points in popular public utility issues, including Standard Gas 5 1/2s, Pacific Gas 5s and Pacific Telephone 5s.

Following are yesterday's high and closing prices of bonds at New York and the total sales of each bond. These quotations are rounded off to the nearest cent. In the case of bonds sold in the market, the price is the price at which they were sold on the day.

An Achievement

The Ball-Bearing PREMIER DUPLEX Vacuum Cleaner is an achievement of the Electrical Industry and a Boon to Housewives the world over. The Premier Duplex has revolutionized housecleaning methods and has made all other cleaners obsolete. With its Quality, Durability, Efficiency and acknowledged Supremacy, and its double action principle of cleaning, it is two cleaners in one at the price of one.

Premier Duplex
FIRST AMONG CLEANERS
BEST BY TEST

Quality—The Premier Duplex is a General Electric product of the best workmanship and materials, with General Electric Engineering skill behind it. The remembrance of its quality remains long after the price is forgotten.

Durability—Premier Duplex has solid aluminum castings—General Electric ball bearing motor and brush—strong, soft rubber faced wheels—finely woven, heavy twill bag—strong efficient trigger switch.

Efficiency—With its double action principle of cleaning, the Premier Duplex is the most efficient Vacuum Cleaner built. It will do a greater variety of cleaning better and quicker than any cleaner manufactured.

Supremacy—More Premier Duplex Cleaners are being sold in Southern California than any other make. Due to its Quality, Durability and Efficiency, the Premier Duplex is recognized as the Standard of Comparison.

SOCIETY

By JUANA NEAL LEVY

Of much interest to local society is the announcement made this morning by Mrs. George Gill Green of New York City of the engagement of her daughter, Mrs. Altadena Green-Neustadt, to Emile Meigs Drayton, son of Mrs. Robert Coleman Drayton of Philadelphia, Pa. Mrs. Neustadt and her attractive young daughter, Miss Betty Neustadt, have made their home with Mrs. Green and the late Col. Green, since leaving California several years ago, passing the winter at 1 Lexington avenue, New York City, where Mrs. Neustadt's daughter has been attending school. Mr. Drayton is a member of the banking firm of Kelly, Drayton & Converse and is a member of the Racquet and Tennis, Union League and Princeton clubs. The wedding will be one of the events of the near future, and after a wedding trip, Mr. Drayton and his bride will make their home in New York City.

Men Like Pretty Girls
A beautiful complexion makes you prettier. Take care of your skin.

McCormick's BEAUTY CREAM
A face powder in cream form. It keeps the skin white, does away with wrinkles, and keeps the face fresh, healthy and glowing. McCormick & Co., Inc., New York, N.Y.

Home Again
Mr. and Mrs. William J. Hutchison (Laura Chauvin) have returned to Los Angeles after a four months' visit in the South and North. They passed several months in Florida, then journeying westward up the coast to New York City, Boston and Chicago. They reached here Saturday afternoon and will be domiciled for several months at the Gaylord in Wilshire Boulevard.

Society Tea
Mrs. F. M. Harvot will be hostess at this afternoon at the Wilshire Country Club to the members of the Los Angeles Alumnae chapter of the Phi Epsilon sorority, who will be assisted by Mrs. Thelma Ser and Mrs. M. J. Packley. Thirty

At Beach Club
The Beach Club at Santa Monica has given yesterday afternoon for one of the popular bride-elects of the season, Miss Helen Lake, daughter of Mr. and Mrs. William Lake of North Irving Boulevard. The hostesses were Mrs. Victor Gerrard and Mrs. Marlowe Merrick. The affair also was a luncheon and boudoir shower with tea served after the bride-elect. The centerpiece of the tea table was a large ship banked with ferns and flowers and contained the lovely gifts. Place cards were photographs of the bride-elect. Those included were Miss William Lake, Joseph Zook, Edward Daniels, L. L. Whitehill, Perry Neil, Sarah Peirson, Paul Wallingford, Joseph Zook, Jr., Miss Betty Sullivan, Miss Dora Gerrard and the honor guest, Gerrard and Mrs. Marlowe Merrick will be among the bride attend-

Of Interest to Women.

ONE OF THIS MONTH'S BRIDES
Popular Couple Now on Wedding Trip

(Snyder for National Illustrated News Syndicate)
Mrs. George Lewis Sweeney

ONE of the prettily appointed weddings of the month was that of Miss Elsie Edith Schaefer and George Lewis Sweeney, which took place at the home of the bride's parents, Mr. and Mrs. F. J. Schaefer, in South Wilton Place, on the 8th inst. The double ring ceremony was used. Mrs. Oscar Henry Schock assisted her sister as matron of honor, while Mr. Schock was best man. After a wedding trip in the North and the bride's parents, Mr. and Mrs. F. J. Schaefer, in South Wilton Place, Montana, who are house-guests of Gen. and Mrs. Donovan.

House-Guests
Mr. and Mrs. Joseph Birren of Chicago are guests of Mr. and Mrs. J. F. Kanst at their home, 6182 Mulholland High Way, Hollywood. Mr. Birren is a well-known artist and Mrs. Birren is an active clubwoman, past president of The Renaissance. Mr. and Mrs. Birren are planning to pass six months in California, visiting various points of interest in the Southland, as well as in the northern part of the State.

At Home Again
Mrs. Benjamin Givens, who has been visiting in the East for the past few months, has returned home and is at her home, 450 South Grand avenue, Pasadena.

Gen. and Mrs. James Donovan
North Union avenue, entertained Sunday afternoon with a tea in honor of Frederick Wards, who is leaving shortly for his country home in the East. Rt. Rev. Bishop Bertram Stevens, Rev. G. Bromley Osann, D.D., and Rev. George Wanner, D.D., were special guests of honor. Tall drawing-room candles were used in profusion to light the rooms, and huge baskets filled with American beauty roses and spring flowers, adorned the living rooms and tea table. Mrs. Norman D. Hall, Mrs. Florence Moore Kreider and Miss Helen Hall assisted in receiving, while Mrs. Arthur Holliday presided at the punch bowl. A buffet luncheon was served in the dining-room and a delightful program was given by Mrs. Anna Timmer, Rosal Hill, Miss Elizabeth Collins and Miss Margaret Collins, while Mr. Wards paid a beautiful tribute to motherhood and also read his own California poem. Seventy-five guests were bidden, among the out-of-town guests being Mrs. Andrew Thisted and Miss Violet Thisted of

SAN DIEGO MUSEUM
HEAD TO TALK HERE

Edgar L. Hewett, director of the San Diego Museum and an internationally known archeologist, will give a lecture on "The Hittite Empire" at the Southwest Museum Sunday at 2 p.m. The lecture will begin with Shumer, and will take up the Temple of Bel and the Semitic Babylonian conception of the earth. A general history of Babylonian will also be given.

Owing to the fact that boys and girls of the Southwest Museum will take part in the Hittite festival in Elvian Park Saturday morning, there will be no program at the museum at that time.

Violent and Storm
So popular is the new velvet with a touch of silk, that it is being worn by many of the smart set. It is a rich, deep red velvet with a touch of silk, and is being worn by many of the smart set.

With a Poem
Gladys will be the guest of honor at a luncheon given by Mrs. Charles H. Miller in honor of her daughter, Miss Gladys Miller, who is leaving for a tour of the world.

Stella Lutz
Unless you have seen her, you will not believe how beautiful she is. She is a beautiful girl, and is being worn by many of the smart set.

Of Interest to Women.

Diet and Health

By Lulu Hunt Peters, M.D.

ANSWERS TO CORRESPONDENTS

DROOPING OF THE EYELIDS
(Foods)
Mrs. J.: Drooping of the eyelids may be congenital or acquired. When congenital (that is when one is born with it) it is usually double and due to deficient development of the muscles which raise the eyelids. This condition usually affects both eyes. This type is caused by paralysis of the nerve which supplies the lifting muscle.

For the acquired form the physician has to find out the cause of the paralysis of the nerve, and if the cause is found and removed the relief doesn't effect a cure, then an operation can be performed. May state that these operations cause great improvement, but, of course, perfect results cannot be expected.

MUSCLE VS. FAT
Dear Dr. Lulu: Three months ago I wrote for your booklet on reducing, and directly from it went to work at once. I am five feet six inches tall, 30 years old, and weigh 135. I have reduced only eight pounds to date, though in measurements I have reduced six inches in the hips, one inch in the waist, and two inches in the bust. As it would seem that I must have lost more than eight pounds. However, I have moved from our town and I think perhaps the scales do not register the same, because I lost eight pounds to begin with in less than two weeks.

I take sitting up and bending, kicking and arm and neck exercises, and walk from eight to twelve blocks every evening in a good brisk fashion as if I had a date and were late for it.

Now to get to what I want most to say—I thank you, for I am feeling better and younger than I have in fourteen years. I can run up stairs, and while on a long walk at the same time. In fact, I have practiced what you said at a year ago when I reached the top of the stairs at a leisurely snail's pace. I have been careful about my diet, and I have not eaten anything but what you said to eat. I have eaten too many of my calories the

I See by Today's 'Times' Want Ads—
That the privately owned furnishings of a four-room bungalow are to be sold to-day complete or by the piece.

That the best offer takes a 1923 Chalmers touring car.

That a five-horsepower boiler complete with all fittings is offered for sale.

That twenty acres of clear fruit land are offered in exchange for a four or five-room bungalow near five-cent carline.

That a man or woman who punches a time clock.

Abandon the idea that you can only write when the mood is on. You'll have a story to tell, and it must be told. The editor is the hands of the editor by a certain hour. That hour is called a "dead line," and it changes with the different editions of the paper.

If you have gone on a story and are delayed getting back, you are expected to telephone the facts to the "rewrite desk." If you don't go after a story is to get it in the paper.

One of the clearest feature writers I know says of her work: "I just sit down at the typewriter and try to write an interesting letter to the editor." And she does. About \$150 worth of letter a week.

It isn't so difficult to write when you have something to tell. With your inspirational writing you first have to catch your idea. When writing a news story you are armed with the facts before you sit down at the typewriter. Your problem is to present those facts in the most interesting way.

Go to the public library and borrow a book on typing. Oil up the old machine, start with twenty sheets of cheap yellow paper and don't stop till you've filled both sides with exercises. Never mind about getting your fingers on the keys your first day. Keep going. You don't need a teacher. You need practice. At the end of the first week you should have enough facility to begin writing sentences. I'd give it a good three hours a day at a strict newspaper.

Also get from the library some books on newspaper reporting. Read each chapter two or three times, then pick up your local paper and see what your local reporters are doing in carrying out the instruction given in your text.

BOOTH KIN BOUGHT
Information concerning relatives of the late Charles William Booth, former Canadian soldier, who died the 7th inst. is requested by the British Overseas War Veterans' Association in order that personal belongings of the dead man may be disposed of. He was buried the 9th inst. under the auspices of the veterans' organization. Anyone knowing the address of relatives should communicate with S. A. Milborne, 530 Bryson Building, telephone BRoadway 5300.

A PROTEST AGAINST MEDIOCRITY

ROLLS ROYCE

"THE appearance of the Rolls-Royce is an inspiration," said an architect. "It gives one a sense of complete beauty and harmony like a beautiful landscape or a well-proportioned building."

From all over the world designers of coachwork are unanimous in declaring that the Rolls-Royce coach is unequalled in fundamental beauty as a basis for original and artistic design. No expense is spared in obtaining the finest materials. No care is overlooked in craftsmanship. And what an astounding combination of good taste and durability the result is! Because Rolls-Royce never changes its fundamental design, the owner has the satisfaction of a car never out of style.

Rolls-Royce maintains its own complete coachwork division in the United States at Springfield, Mass.

Over twenty years of luxury and motor comfort are the possession of Rolls-Royce owners. The low up-keep cost and the unusual guarantee—true only of Rolls-Royce—on every mechanical part demonstrate the economy of this fine motor car.

Let us take you on a 100-mile trial trip. Arranged to your convenience.

Convenient and Sanitary Refrigeration

THE efficient hostess, who makes her tea wagon act as maid, will find great satisfaction in preparing her luncheon or tea in the "cool of the morning" and relaxing in the peaceful assurance that everything will be preserved in her LEONARD refrigerator—fresh and dainty when she is ready to serve.

Even if you have a tiny apartment or bungalow kitchen, one of the 70 models will surely fit into some convenient corner.

Electrical MEALS
SIT DOWN with the rest of the family. And how very simple it is if your equipment includes an electrical percolator and waffle iron. You may select them from your favorite brand—Hotpoint—Manning Bowman—Universal.

SINGLE PERCOLATORS from \$7.50 to \$25.00.
URN sets, including percolator, creamer, sugar bowl and tray, as low as \$29.00 to \$46.00.
WAFFLE irons range in price from \$10 to \$18.

Floor MODELS REDUCED
A LIMITED number of models used on the floor as demonstrators—in perfect condition.

FREE WESTINGHOUSE ELECTRIC SEWING MACHINES
PORTABLE types, regularly \$75.00 to \$85.00, now \$65.00 to \$80.00.
DESK TYPES, regularly \$105.00 to \$125.00, now \$94.50 to \$113.85.
LIBERAL allowance on your old machine—convenient payment terms.

KITCHEN TIME SAVERS
BLUE WHIRL EGG BEATER will amaze you with the ease and rapidity with which it may be manipulated—no hitching or sticking—an even, smooth revolution. \$1.50
Medium size, \$1.00. Large size, \$1.50.

STARR CAN OPENERS—a perfect revelation to habitual users of the old saw-and-chop type of can opener. One hand clamps the opener to the raised rim of the can—the other hand turns a sturdy revolving handle—the can does a little jig, and the top is off as clean as a whistle. 50c

The Woman and Her Job

THE GREAT INCENTIVE
Dear Mrs. Watrous:
I was left a widow a year ago, and only a fragment to do it home all paid for and \$12 a month.

Because I wrote one or two short stories and sold them nearly two years ago, my uncle has offered me a position on his newspaper in the Northwest. I am to begin in September.

I'm terribly excited about it all, because I want position very much, but I'm scared I shall fail. I've always written by hand, although we have an old typewriter that belonged to my husband. I've always written when the spirit moved me. I call it inspiration, but what shall I do in that newspaper office? Will there be time to write it out by hand first, and type it

with two little children to provide with. To be exact, there is a tiny one teach me to type?

Will you please tell me everything you think will help me? Sincerely, ELZA G.

It's rather amazing the number of women who have talked to me about their writing just as Elza G. does. Nearly every famous author has said in effect: "I learned to write by writing." Many novices start their mark at a thousand or more words a day. They sit down and write, rain or shine, at a certain hour every day. It isn't a matter of inspiration, it's bread and butter. They carry on their work much the same as any

ANOTHER comforting
thought rests on the perfect condition the LEONARD CLEANABLE may perpetually rejoice in.

The one-piece, continuous porcelain lining with rounded corners, the door-sill brought to the exact level with the floor, an easily adjusted baseboard swung on hinges, and the new patent drain—nickel on copper—combine to create real sanitation.

Price range from \$14.50 to \$440

Serviceable GIFTS
SPRING is the season of renewal—replenished shelves—gifts to brides—what more fitting than lovely linens?

50 HAND worked bridge sets in heavy Italian crash linen—natural color—formerly \$12.50—very special at \$6.25

FILET runners—real hand made filet with fringed ends—two-tone effects. Offered at \$3.75

RAYON bed spreads for summer—solid colors in gold, orchid, blue and rose—easily laundered. \$7.95
\$1 50x105. Price.....\$12.00

THE FAMOUS pre-shrunk, moth-proof Kenwood blankets—all wool—solid colors—interesting shades featuring the new green—chemically treated—will remain moth-proof indefinitely if dry cleaned and never washed in soda. Double size, \$12.50. Single size, \$12.00

Eliminate Worry!
VULCAN SMOOHTOPS overcome every cooking anxiety—one burner heats the entire surface, permitting all degrees of heat from boiling to simmering—the flat, unbroken top obviates the possibility of overturned articles, stained burners—easily cleaned. Prices from \$64.75 to \$267.50.

CHAMBERS FIRELESS GAS RANGES permit you to start your meals with gas and finish them with the accumulated heat—a highly commendable virtue. Prices from \$22.50 to \$229.00.

HOOVER—the People's Choice!
Elected by an overwhelming majority on its three-fold campaign—it will sweep, beat and clean every speck of dirt out of your house.

MOTHERS' CLUBS PROVE POPULAR

Parent-Teacher Organizations Have Large Growth

State Convention in Session at Fresno

President Proposes Program for Coming Year

(SPECIAL DISPATCH)

FRESNO, May 13.—With 112,000 members now enrolled, the goal of the Congress of Mothers and Parent-Teacher Associations of the State will be 150,000 for this year. Mrs. Hugh Bradford of Sacramento, president, told the state convention gathering here today.

This is one of the four projects that were outlined by the State executive in submitting her report of the last year's activities, and future plans. The other three are: (1) The study course as outlined by the national organization for home reading; (2) emphasis of the state scholarship fund; (3) teaching the real meaning of parent-teacher associations to new members.

Growth of the State association has been remarkable. Mrs. Bradford told the convention. Last year the enrollment numbered 112,000, growing to 125,000 this year with every hope that the new goal of 150,000 will be reached within the next twelve months.

The session today was mainly devoted to hearing reports from the State officials and district presidents.

Rural extension of the parent-teacher work was stressed as important for the program of the State association. According to Mrs. Bradford, of 5178 schools in the State 1800 of them are under teacher schools requiring the work of the association to bring benefits such as are received by the pupils in more thickly populated areas.

Resolutions were adopted promising against the display of business declared to be obscene on stands.

The feature of the afternoon program today was an address on Americanization work by Capt. S. N. Dancy, in charge of State Americanization work for the American Legion.

Mrs. G. M. Bartlett, historian, reported that there are now 488 associations in the State, 194 of which have been recently organized.

Mrs. Edgar L. De Arman, president of the State association, in 1923, addressed the convention today, declaring that only 5 per cent of the young people today attend high schools.

Registration of the convention reached 600 today.

CLERGYMAN TO TALK TO SCHOOL PATRONS

MASONIC LODGES ARRANGE MEETING FOR CITIZENS OF GLENDALE

(SPECIAL CORRESPONDENT)

GLENDALE, May 13.—As a part of the State-wide program of the Masonic bodies in connection with Public Schools Week, the 11th to 15th inst., Unity Lodge and Glendale Lodge will bring Rev. Byron Holly, rector of St. Jude's Episcopal Church, Burbank, to Glendale on Friday night to deliver an address on public schools and their relation to the community.

The object of the program of Public Schools Week, it is stated by Arthur H. Dillman, rector of Unity Lodge, is to foster a deeper interest in the schools of the State, to encourage a higher standard of scholarship among both teachers and students and to assist the faculty of the schools in their efforts to solve the problems that confront them.

FIREMEN FIGHT FOR CHANCE TO FIGHT FIRE

By a "Times" Staff Correspondent

LONG BEACH, May 13.—Fuel oil in the four pipe leading to the boilers was responsible, this morning, for another fire at the Hursh Refining Company plant, Rose avenue and Nineteenth street, in the Signal Hill field.

SHOW FULL OF THRILLS AND THINGS

Excitement Adds to Program at Inglewood's Annual Industrial Pageant

(LOCAL CORRESPONDENT)

INGLEWOOD, May 13.—Last night, verging so near to the hoodoo date, brought several near catastrophes to the Centennial Valley Industrial exposition. The first was when Gerald F. Sparling, chairman of the Inglewood Chamber of Commerce exposition committee, who was taking tickets in a booth similar to those outside a circus, had an awful come-down. The flooring of the booth gave way and Mr. Sparling and several hundreds of tickets were precipitated to the ground. It was also hard luck for a number of youngsters who had used the space between the flooring and the ground to catch a number of people dolls that they had won in the midway. All of the keepers were disappointed to find that if it had not been for the presence of mind of Harry D. Matthews, manager of the exposition, the lights of one of the cars in the automobile show, these cars facing outward from the center of the tent, and ordered the other headlights to be turned on, thus brilliantly illuminating the main tent until the lighting trouble could be repaired.

Last, but not least, the inclosure on one side of the fox farm became loosened and a couple of baby silver foxes escaped. This, indeed, created a furore that rivalled that of a mouse in a roomful of women and there was much lifting of skirts, albeit brief, and much of the show exhibit of Zillig's department store, all of whom were in perfectly good form. They were veterans at the show. Mrs. Doris Wentzel, Jean Grise, Dede Vanetta, Evelyn Rice, Lily May and Lucille Oldfield.

The feature of the afternoon program today was an address on Americanization work by Capt. S. N. Dancy, in charge of State Americanization work for the American Legion.

Mrs. G. M. Bartlett, historian, reported that there are now 488 associations in the State, 194 of which have been recently organized.

Mrs. Edgar L. De Arman, president of the State association, in 1923, addressed the convention today, declaring that only 5 per cent of the young people today attend high schools.

Veterans Elect Commander as Session Closes

By a "Times" Staff Correspondent

OCEAN PARK, May 13.—C. F. Roberts of Bakersfield was elected commander of the California department of the Spanish-American War veterans at the annual convention of the veterans here today. Percy E. Church was elected vice, and J. C. Mulquy of San Francisco was elected secretary.

The object of the program of Public Schools Week, it is stated by Arthur H. Dillman, rector of Unity Lodge, is to foster a deeper interest in the schools of the State, to encourage a higher standard of scholarship among both teachers and students and to assist the faculty of the schools in their efforts to solve the problems that confront them.

CRAVED SERVICE

Passengers Women Insists On Aid of City Departments

By a "Times" Staff Correspondent

PASADENA, May 13.—Mrs. Rose Hull, who pays taxes on her lot at 375 North Marengo avenue, believes in making use of Pasadena's public servants, it was revealed today.

Annoyed by the presence of a large community of pigeons who had taken their abode in the roof of her home, Mrs. Hull called in a man to take care of them. A carload of officers armed with rifles were dispatched to the scene and the pigeons were shot.

But still Mrs. Hull had pigeons; dead ones. Today Mrs. Hull called the fire department and a fire truck was sent hurrying to her residence. The firemen unhooked their ladders and in a few minutes the slain birds were given a decent burial.

POLICE ARREST MAN FISHING IN RESERVOIR

(LOCAL CORRESPONDENT)

LANE, May 13.—Doc Cook, according to the police here, has a different kind of fish story to tell today. Police say Doc quietly sneaked up on the fish in San Fernando Reservoir early in the morning and just as he was about to snake out the biggest bass, he was tapped on the shoulder by a valley policeman, and a moment later he was in the hands of the police. Since the opening of the fishing season, there have been complaints of unlawful fishing in the reservoir.

VAN NUYS MAN PLANS TO RAISE CHICKORY

(LOCAL CORRESPONDENT)

VAN NUYS, May 13.—Felix De Geyder, formerly of Wisconsin, a recent resident here, has purchased ten acres on the west side of Van Nuys on which he plans to grow chickory on a large scale. De Geyder states there is a good market for chickory and he may add to his holdings here. Chickory farms in other parts of San Fernando Valley have resulted in large yields within the last two years.

ASK ZONING CHANGE

Ten-Story Apartment Building Proposed to Be Erected in Pasadena

By a "Times" Staff Correspondent

PASADENA, May 13.—A slight change in Pasadena's zoning ordinance which prohibits buildings to be erected more than eight stories in height was requested of the City Directors by Roscoe Townsend, 121 South Euclid avenue, who announced that if the change was made a ten-story apartment house would be erected.

Ask Funds to Replace Loss Caused by Fire

(LOCAL CORRESPONDENT)

GLENDALE, May 13.—As a result of the burning of the Dugan-street school Sunday night (the Board of Education today voted to increase the amount of the proposed school bond issue by \$13,000 to replace the structure that was burned, bringing the total amount up to \$1,237,000.

A ruling received by the board today from the County Counsel stated that it would be legal to place the various items to be submitted to the voters on the ballot separately, so that the taxpayers will be able to express their opinion on the proposals for new sites for the schools and on the items for the expansion of the present elementary school system, instead of voting on an omnibus proposition as was at first contemplated.

PASADENA POLICEMAN SUSPENDED FROM FORCE

INEFFICIENCY CHARGED TO ONE OF CITY'S MOST POPULAR OFFICERS

By a "Times" Staff Correspondent

PASADENA, May 13.—The fate of Patrolman E. W. Graham, who was suspended from the force by Chief of Police Kelly for neglect of duty and inefficiency, lies in the hands of City Manager Kolner. Officer Graham, who served on the force for eleven years, is one of the most popular men in the city and his suspension came as a great surprise.

According to Chief Kelly, a thief stole the pocketbook of Mrs. H. J. Spann, who lives at 1210 E. Main street, and his suspension came as a great surprise. The stolen pocketbook contained \$100 in cash and a gold watch. Mrs. Spann, who lives at 1210 E. Main street, reported the loss to the police and the watchman was arrested. The watchman was suspended from the force for neglect of duty and inefficiency.

Although the officer was suspended on the 11th inst., details of the affair were not known until today. As Graham has been on the force more than ten years he is entitled to a trial. This was given him today by the City Manager. The decision has not been rendered as yet.

"This is the first time in eighteen years of police work that I have ever been on the carpet," declared Mr. Graham this afternoon. "There is absolutely nothing to the charge. I tripped the man at the time and he did not have the purse on him then, I am sure."

HITS WIFE'S FRIEND

Male Followed Her and Struck Neighbor Woman, She Says

By a "Times" Staff Correspondent

SANTA MONICA, May 13.—Elaborate plans for the first annual California Dahlia show to be staged in this city on August 23, inclusive, have been arranged by members of the Santa Monica Dahlia Club. The club has been named chairman of the show, which, it is believed, will draw favorable publicity to Southern California at large.

The clubwomen are receiving the hearty co-operation of the Santa Monica Chamber of Commerce, according to announcement of Secretary McKenney. City commissioners have also consented to assist in every way in assuring the success of the new venture.

BICYCLES CAUSE OF SERIOUS ACCIDENTS

(SPECIAL CORRESPONDENT)

REDLANDS, May 13.—Boys who ride bicycles on the sidewalks in Redlands in the future will lose their wheels and may be sent to the detention house because of two bad accidents that have resulted recently. One was a few days ago when a small girl on Olive avenue was struck by a bicycle and thrown to the pavement, a bone in her left leg being broken. The daughter of Mr. and Mrs. G. Gregory, 1210 E. Main street, was struck by a bicycle on the sidewalk in front of her home yesterday and her nose broken and face cut.

QUE IN FATALITY TODAY

By a "Times" Staff Correspondent

VENICE, May 13.—An inquest into the death of William A. Bridge, 22 years of age, fatally crushed early this morning when caught between two cars at the Pacific Electric car barn here, will be conducted at 9:30 a.m. tomorrow at the Sharp & Nolan mortuary. The victim, who was married a short time ago, was employed in the car barn.

FIFTEEN RESIGN

SAN DIEGO, May 13.—Fifteen of the sixteen members of the Women's Welfare Commission today resigned from that body and at the same time they tendered a letter to Mayor John Bacon charging him with "glaring lack of co-operation" in their work. The action is said to be a sequel to a recent fiscal quarrel over the conduct of the affairs of the San Diego Vocational Home, which split the commission wide open.

FILM EXTRA ARRESTED

Clyde W. Bennett, alias Jack Silver, motion picture extra, was arrested yesterday by Secret Service Agent William Ashe on a charge of forging several government orders for small amounts of money. Bennett's hearing was set by United States Commissioner Turney for 10 o'clock Friday morning. Bond was fixed at \$1000.

Auto in Ditch; Three Injured Now in Hospital

(SPECIAL CORRESPONDENT)

BAKERSFIELD, May 13.—When the car in which they were riding on the Union-avenue highway several miles south of Bakersfield overturned at an early hour this morning, Laura Peddicord of Hollywood, Peggy Goldbaum of Los Angeles and John Weaver of Anaheim were injured. The women are being attended at the San Joaquin Hospital and Mr. Weaver at the Bakersfield Emergency Hospital. Joe Donohue of this city, who also was an occupant of the machine, escaped injury.

According to a report filed at the Sheriff's office C. C. Kerns, 1234 Lake street, brought the injured persons to the hospital. The cause of the accident had not been determined by authorities today. It is believed that the car, which was a 1924 model, was struck by a truck, throwing the occupants into the ditch near the highway.

Weaver is suffering from a broken arm. Both of the women are suffering from minor injuries.

COMPLETE PLANS FOR ANNUAL DAHLIA SHOW

By a "Times" Staff Correspondent

SANTA MONICA, May 13.—Elaborate plans for the first annual California Dahlia show to be staged in this city on August 23, inclusive, have been arranged by members of the Santa Monica Dahlia Club. The club has been named chairman of the show, which, it is believed, will draw favorable publicity to Southern California at large.

The clubwomen are receiving the hearty co-operation of the Santa Monica Chamber of Commerce, according to announcement of Secretary McKenney. City commissioners have also consented to assist in every way in assuring the success of the new venture.

BURBANK CHAMBER TO GET FUNDS OR CLOSE

(LOCAL CORRESPONDENT)

BURBANK, May 13.—Beginning next Monday will be Chamber of Commerce week in Burbank. According to Manager Chariville the six days to follow are expected to be a record for the chamber in its efforts to raise funds to the chamber and to turn its toes up to the dales and retire from the city, but for some reason it is obtaining sufficient funds to carry on its work effectively.

According to Manager Chariville, the chamber is in a "hand-to-mouth" existence and has been going pretty much at a "hand-to-mouth" existence and has been going pretty much at a "hand-to-mouth" existence and has been going pretty much at a "hand-to-mouth" existence.

CAMPAIN FOR FUNDS

(SPECIAL CORRESPONDENT)

SAN DIEGO, May 13.—A campaign to raise \$175,000 by popular subscription for the erection of a permanent home for the Y.W.C.A. was enthusiastically endorsed at a meeting of nearly 200 San Diegoans last night. This sum will be added to \$125,000 which the Y.W.C.A. already has available. The proposed home, which will cost in excess of \$300,000, will be a four-story building to be located at Tenth and C streets where the city owns a valuable piece of ground.

Large quarters for carrying on the various activities of the Y.W.C.A. are declared to be imperative. An enormous number of pieces and photographs were shown in the sheet-music and photograph-record department. An enormous number of pieces and photographs were shown in the sheet-music and photograph-record department.

ANNOUNCE FUNERAL OF HENRY BALLAGH

(LOCAL CORRESPONDENT)

GLENDALE, May 13.—James Henry Ballagh, pioneer real estate man of Los Angeles, died at his home, 157 South Central avenue, Glendale, last night after having been stricken with illness two weeks ago. Mr. Ballagh came to Los Angeles in 1894 and was for many years engaged in the real estate business in Los Angeles, retiring to Glendale, his widow, Mrs. Lillian Ballagh, survives him as do two sons, Roy A. Ballagh of Glendale and Courtney Ballagh of Los Angeles. Funeral services will be held Friday at the Little Church of the Flowers, Forest Lawn, and interment will be made at the Mausoleum.

OLD-TIME PRINTER DIES

(SPECIAL CORRESPONDENT)

SANTA BARBARA, May 13.—George W. Russell, veteran newspaper printer, died at his home here last night at the age of 73 years. Mr. Russell was a printer in the early days and was for several years associated with Gen. Harrison Gray Otis when he owned the Santa Barbara Press. The veteran printer was recently honored by a life membership in the Knights of Pythias Lodge, and the Santa Barbara Lodge of Elks. His funeral will be held tomorrow afternoon at 3 o'clock.

A CHUCKLE FOR EVERYBODY

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of \$5, \$3, and \$2, and twelve of \$1 each. A list of the winners of the film, together with rules for submitting jokes, are given daily in a column in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-day, and each of these contributors will receive a souvenir of acknowledgment.

**LYTELL AND
CLAIRE WILL**

WED TODAY

Ceremony to be Performed

at Juarez, Mex.; Other
Film Folk in Party

Bert Lytell and Claire Windsor, screen stars, are to be married early today at Juarez, Mex.

The couple departed this week for Mexico. With them is Edwin Carewe, motion-picture director, and Mary Akin, Carewe's fiancee. Manuel Roach, Mexican official, and Agnes Ayres, his wife, also left Hollywood with the stars to act in the capacity of chaperones on the party.

The wedding of Lytell and Miss Windsor has been a subject of interest to thousands of film fans and friends of the couple. They were together making a film in Europe that Claire

**BERT
LYTELL**

Lottell was divorced by Evelyn Vaughn, his stage star wife, in October, 1934, in Missouri. They were married in 1924, and were absolute at that time. Lottell has three children, two sons and Miss Windsor, age 26.

After the ceremony at Jackson, Mo., the couple will leave in a company with Lottell's brother, Carewe, Miss Akin and the two boys to Los Angeles for Mexico City on a honeymoon.

Claire Windsor obtained a divorce decade some years ago. She was Ole Kronk prior to her marriage to Lottell. She has a son, Bowler. Her former husband was William Bowler.

Lottell has been known as a rough and tumble character in the sheet and Miss Windsor is a Metrolite-Goldwyn-Mayer star. After the honeymoon the couple will make their home in Hollywood and resume their film duties, although Lottell is seriously considering a return to the stage in a new play to be produced in New York next season.

TRAIN LOADS OF TOURISTS ARE ON WAY

**Four Thousand Due On
Santa Fe System Alone in
Next Five Days**

Westbound trains of the Santa Fe system alone will bring to Los Angeles within the next five days more than 4000 visitors, according to estimates made yesterday by James B. Duff, general passenger agent of the road. The figures are based on telegraphic information received from Chicago.

There is every indication, Duff said, that summer travel to Los Angeles, beginning tomorrow when the summer rates go into effect, will greatly exceed that of last year. Advance reservations indicate unusually heavy western traffic during the first few days.

The California Limited will operate sixteen sections the 18th and 19th inst., inclusive, with two extra sections operating daily. Numerous extra cars also will be attached to other transcontinental trains of the Santa Fe system, Duff stated.

Reality Income Profits Quiz to Commence Soon

Investigation of profits deriv-

from real estate sales in connection with income-tax returns will be inaugurated in a few days by the Collector of Internal Revenue Goodcell. It was announced yesterday. Transfers of real estate as recorded during 1928 and 1929 will be checked to insure income returns filed for these years.

More income from real estate profits has been reported annually the last two years by Californians than those of any other State with the exception of New York.

A hundred or more taxpayers who either failed to file returns for 1923 or made incorrect reports of their incomes are being summoned to the internal revenue office.

Four Are Hurt in Collision of Auto, Street Car

Four persons were injured slightly when an automobile driven by Otis Millspaugh, 1108 Dawson avenue, collided with the Los Angeles street car at the intersection of Broadway and Dittman avenue. Injured, who were riding in Millspaugh's car, are: Mrs. William H. Hooper, 1044 Franklin street; Russell Kyter and William Lindley. The first three were treated for cuts and bruises at the Receiving Hospital. The fourth was treated at the Receiving Hospital for similar injuries. Millspaugh was not injured. The accident was caused by slippery streets. It was reported.

An Acid Test

which is an acid test

**If fire and acid re-
duce the weight of
a 2-inch "swatch" of
any goods $\frac{1}{100}$ of
an ounce ~ it isn't
pure enough wool
for F. & C. clothes**

Another exhaustive test made in Foreman & Clark textile testing laboratories in our giant new plant at Watervliet, N. Y.

The newest chapter in the Foreman & Clark story of Building Better Clothes at lower costs is this remarkable clothes-testing laboratory, which takes all the guesswork (for us) out of making clothes, and (for you) out of buying them!

Sketched from life in Foreman and Clark textile testing laboratory, 2nd floor, Foreman & Clark Factory No. 5 Watervliet, New York.

Before: Swatch of virgin wool worsted before undergoing double all-wool acid test in F. & C. laboratories.

After: The same unaltered being boiled in 8% acid (H_2SO_4).

Only Foreman & Clark guaranteed clothes
Foreman & Clark Upstairs Stores offer you the
standards of quality developed by these labor
methods! Not an experiment or novelty, but a
erate duplication of equipment used by the U. S. A.
of Standards.

An entirely new, scientific laboratory testing service behind

FOREMAN  **and CLARK**
Guaranteed CLOTHES

Accept this new service from the world's largest clothiers! Wear clothes which come to you *direct* from our own factories, at three famous *factory prices* and with half a dozen factory *economies*—after passing the most rigid TESTS of WEAR and QUALITY within the clothing industry! Buy clothes in this big upstairs store at *one small profit* instead of *four big profits*.

**Buy wear that is *measured*
in advance, get quality
proved in advance, wear
clothes *tested in advance*;
for textiles and tailoring, for
strength and quality, for
value and actual service!**

Turn your back on middlemen and clothing jobbers, on high retail profits, and downstairs rents! Join half a million men who have always received America's greatest clothing values from the world's largest clothiers, but who now receive a still finer standard of guaranteed clothes that have undergone the most exhaustive tests known to the microscope and laboratory test-tube!
